# NO. 69 COMPRESSION SERVICE SPRINGS SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the NO. 69 Compression Service Springs. These springs are designed for various applications, including locks and sporting equipment. To ensure safe and effective use, please read and follow the safety instructions carefully.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect springs before use for any visible damage or defects.
- Keep springs out of reach of children and vulnerable individuals.
- Follow all local regulations regarding the use and disposal of springs.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE) when handling springs, such as gloves and safety goggles.
- Avoid using springs in highstress applications that exceed their designed limits.
- Do not modify or alter the springs in any way, as this may compromise their safety.
- Store springs in a cool, dry place away from direct sunlight and moisture.
- Ensure that the springs are securely installed to prevent accidental release or injury.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and materials before beginning installation.
- Read the product specifications to understand the dimensions and characteristics of the springs.

### 2. Installation

- Identify the correct location for the spring installation based on your application.
- Ensure that the installation area is clean and free from debris.
- Carefully insert the spring into the designated space, ensuring it is properly aligned.
- Secure the spring using appropriate fasteners as required by your application.

### 3. Usage

- Test the spring after installation to ensure it functions correctly.
- Regularly check the spring for wear and tear during use.
- If any issues arise, discontinue use immediately and inspect the spring for damage.

## Disposal Instructions

- Dispose of springs in accordance with local waste management regulations.
- Do not dispose of springs in regular household waste.
- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the NO. 69 Compression Service Springs, please refer to the manufacturer's contact information provided with the product packaging. Always ensure you have the latest information regarding safety and usage.

Thank you for prioritizing safety while using the NO. 69 Compression Service Springs. Your adherence to these guidelines helps ensure a safe and effective experience.
