

RMR CUT SLIDE FOR GLOCK® 34 - BROWNELLS RMR SLIDE + WINDOW FOR GLOCK® 34 GEN 3 SS NITRIDE

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

The Brownells RMR Cut Glock 34 Slide is machined entirely from heat treated stainless steel and features a black-nitride finish to protect it from corrosion and wear. The Brownells RMR cut slide features OEM style rear serrations and additional front serrations for enhanced manipulation. The RMR cut slide also features a window cut on the top between the front serrations that reduces weight. The machining on the Brownells RMR Cut Glock 34 Slide doesn't end there; the slide also features a cutout sized to fit a Trijicon RMR red-dot sight as well as the Holosun HE508T, HS507C, and HS407C, allowing for fast, easy target acquisition. Internally, the slide is machined to Glock factory specs, so it'll accept all standard G34 components. Channel liner required for these slides. Channel liners are a press fit and require a tool to install. Includes patented optic cut technology pioneered by ZEV Technologies. Patent No. RE47335

Attributes

- Name: [BROWNELLS RMR SLIDE + WINDOW FOR GLOCK® 34 GEN 3 SS NITRIDE](#)

Safety Instruction Guide for RMR Cut Slide for Glock® 34

Introduction

Thank you for purchasing the RMR Cut Slide for Glock® 34. This product is designed for enhanced performance and safety. Please read this safety instruction guide carefully to ensure proper use and maintenance of your slide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms with care and follow standard safety protocols.
- Keep the slide and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the slide for signs of wear or damage before use.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use only Glock® 34 components compatible with the RMR Cut Slide.
- Ensure that the slide is properly installed before using the firearm.
- Always check that the firearm is unloaded before handling or installing the slide.
- Avoid using the slide in extreme environmental conditions that may affect its performance.
- Be aware of the potential hazards associated with using firearms, including accidental discharge.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have all necessary tools and components before starting the installation.
- Familiarize yourself with the Glock® 34 and the RMR Cut Slide.

2. Installation:

- Remove the original slide from your Glock® 34 by following the manufacturer's instructions.
- Carefully align the RMR Cut Slide with the frame of the Glock® 34.
- Secure the slide in place, ensuring that it is properly seated.
- Install a channel liner, as it is required for these slides. Use the appropriate tool to press fit the channel liner into place.

3. Usage:

- After installation, conduct a function check to ensure that the slide operates correctly.
- Use the RMR Cut Slide for target shooting or other approved activities only.
- Always wear appropriate eye and ear protection when using the firearm.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Ensure that all parts are disposed of safely to prevent any hazards to the environment or public safety.

Contact Information for Further Support

For any safety inquiries or concerns regarding the RMR Cut Slide for Glock® 34, please reach out to the appropriate support channels as indicated on the packaging or the manufacturer's website.

By following these safety guidelines, you can help ensure a safe and enjoyable experience with your RMR Cut Slide for Glock® 34. Thank you for your attention to safety.
