## Build a Long-Slide Competition Pistol With a Perfectly Integrated Aimpoint Sight

The Brownells Acro Cut Slide for Glock® 34 Gen3 brings the ease and convenience of our popular RMR Slides to folks who prefer to mount an Aimpoint Acro P-1 red dot sight on their long-slide competition or target pistol. The slide comes with a slot machined directly into the top for mounting the Acro P-1 - just screw on the red dot (screws included) and... hit the range. No additional hardware to buy. And this slide is the perfect "top-half" for a custom pistol built on a Polymer80 80% frame. Each Acro Cut Slide for Glock® 34 is precision machined from 17-4 stainless steel billet and heat-treated to Rc 41-44 for enhanced wear resistance. Internally, the slide is machined to accept factory or aftermarket Gen3 Glock® parts for maximum customizing freedom. Outside, there's a Glock® factory rear sight dovetail and front sight tenon cut ready for factory or aftermarket "iron" backup sights (can be co-witnessed with the Acro P-1). A tough, non-reflective Black Nitride finish helps resist surface wear and further protects the slide from corrosion. Compatible with any Gen3 Glock® 34 pistol or clone Machined from corrosion-resistant 17-4 stainless steel billet Pre-cut Aimpoint Acro P-1 mounting slot Plus, factory front/rear sight cuts Cooling window cutout on top The Acro Cut Slide for Glock® 34 sports factory-style rear cocking serrations, plus additional front serrations that aid in fast chamber checks and expedite clearing (heaven forbid!) a jam. A window cutout on top helps heat escape and keeps the barrel cool during extended fire. If you have an upgraded barrel with a contrasting finish or a unique exterior pattern (fluting, spirals, "flames," etc.) the window let you show it off! Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017.

## Attributes

# ACRO CUT SLIDE FOR GLOCK® 34 GEN 3 SAFETY INSTRUCTIONS

## Introduction

Thank you for purchasing the Brownells Acro Cut Slide for Glock® 34 Gen 3. This product is designed to enhance your shooting experience by allowing for the easy mounting of an Aimpoint Acro P1 sight. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that you are familiar with the safe handling and operation of firearms before using this product.
- Always treat every firearm as if it is loaded.
- Store firearms and ammunition securely and out of reach of children and unauthorized users.
- Do not modify the slide or any components in a way that may compromise safety.
- Regularly inspect your firearm and its components for wear or damage.
- Follow all local laws and regulations regarding firearm modifications and usage.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or removing the slide.
- Wear appropriate eye and ear protection when using your firearm at the range.
- Ensure that the Aimpoint Acro P1 sight is securely mounted before firing.
- Check for proper alignment of the sight and ensure that it is functioning correctly prior to use.
- Be aware that the slide features a cooling window cutout; do not touch this area immediately after firing as it may be hot.
- If you experience any malfunctions, cease firing immediately and inspect the firearm.

## Instructions for Installation and Usage

### Installation

1. **Prepare Your Firearm:** Ensure your Glock® 34 is unloaded and pointed in a safe direction.
2. **Remove the Existing Slide:** Follow the manufacturer's instructions to safely remove the original slide.
3. **Install the Acro Cut Slide:**
  - Align the Acro Cut Slide with the frame of your Glock® 34.
  - Carefully slide it into place, ensuring all internal components align correctly.
4. **Attach the Aimpoint Acro P1:**
  - Use the included screws to secure the Aimpoint Acro P1 sight in the precut mounting slot.
  - Ensure that the sight is firmly attached and check for stability.
5. **Reinstall Any Other Components:** If applicable, reinstall any other components that were removed during the process.

### Usage

- After installation, perform a function check to ensure the firearm operates correctly.
- Always follow standard firearm safety practices when handling and firing your Glock® 34 with the Acro Cut Slide.
- Regularly clean and maintain the slide and sight to ensure optimal performance.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.

- When disposing of the slide or any firearm components, follow local laws regarding firearm disposal.
- If the slide becomes damaged or is no longer usable, consult with a qualified gunsmith for safe disposal options.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or product performance, please consult the product documentation or contact the manufacturer directly.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Brownells Acro Cut Slide for Glock® 34 Gen 3. Always prioritize safety and responsibility while handling firearms.
