Safety Instruction Guide for the Brownells M16 .458 SOCOM/450 Bushmaster Bolt Carrier Group

Introduction

Thank you for choosing the Brownells M16 .458 SOCOM/450 Bushmaster Bolt Carrier Group. This product is designed to enhance the performance of your AR15 rifle. To ensure safe and effective use, please read this safety instruction guide thoroughly. It is essential to follow all safety precautions and guidelines to avoid accidents and ensure optimal performance.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm and the specific components of the Brownells M16 .458 SOCOM/450 Bushmaster Bolt Carrier Group.
- Always treat firearms as if they are loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm and ammunition in a secure location, out of reach of children and unauthorized users.
- Wear appropriate eye and ear protection when handling or shooting firearms.
- Do not consume alcohol or drugs before or during the handling of firearms.
- Regularly inspect your firearm and its components for wear and damage.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not use this bolt carrier group with ammunition other than .458 SOCOM or 450 Bushmaster.
- Ensure that the bolt carrier group is properly installed before use.
- Check that the gas key is securely torqued and staked to prevent loosening during operation.
- Regularly clean and maintain the bolt carrier group to prevent malfunctions.
- Avoid using excessive force when installing or removing the bolt carrier group.
- If you experience any malfunctions, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing bolt carrier group from the rifle.
- Insert the Brownells M16 .458 SOCOM/450 Bushmaster Bolt Carrier Group into the upper receiver.
- Ensure that the bolt is locked into place and that the gas key is aligned with the gas tube.
- Reinstall the charging handle and ensure it operates smoothly.

2. Usage

- Load the firearm with appropriate ammunition.
- Ensure that the safety is engaged until you are ready to fire.
- When ready to fire, disengage the safety and aim at your target.
- Fire in controlled bursts to maintain accuracy and control.
- After use, ensure the firearm is unloaded and clean the bolt carrier group according to the manufacturer's recommendations.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consult your local waste management authority for proper disposal methods of firearm components.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Brownells M16 .458 SOCOM/450 Bushmaster Bolt Carrier Group, please reach out to the manufacturer or your local firearms dealer.

Conclusion

By following the safety guidelines and instructions outlined in this document, you can ensure the safe and effective use of the Brownells M16 .458 SOCOM/450 Bushmaster Bolt Carrier Group. Always prioritize safety and remain informed about best practices in firearm handling and maintenance. Thank you for your commitment to responsible firearm ownership.
