Safety Instruction Guide for 82° Chamfer Cutter

Introduction

Thank you for choosing the 82° Chamfer Cutter from Brownells. This product is designed to help you lightly break the outside edge of the new chamfer for .38 caliber firearms. To ensure safe and effective use, please read this safety instruction guide carefully. It is important to follow all safety guidelines and instructions to prevent accidents and injuries.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product text.
- Always inspect the chamfer cutter before use for any signs of damage or wear.
- Keep the chamfer cutter out of reach of children and unauthorized users.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the cutter.
- Be aware of your surroundings and ensure that the work area is clean and free of obstructions.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check the EU Safety Gate platform for updates on product recalls and safety alerts.

Specific Safety Precautions for Use

- Always use the chamfer cutter in a wellventilated area to avoid inhaling dust or debris.
- Avoid using excessive force when operating the cutter to prevent damage to the tool or injury to yourself.
- Ensure that the firearm is unloaded and secured before using the chamfer cutter.
- Do not use the chamfer cutter if you are tired, distracted, or under the influence of substances that may impair your judgment.
- Store the chamfer cutter in a safe place when not in use to prevent accidental injury or damage.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the chamfer cutter, a workbench, and any PPE.
- Ensure that the firearm is unloaded and secure before beginning.

2. Using the Chamfer Cutter:

- Position the chamfer cutter at the desired angle (82 degrees) against the edge of the chamfer.
- Apply light and even pressure to break the outside edge without forcing the cutter.
- Move the cutter smoothly along the edge to achieve a consistent chamfer.

3. PostUse:

- After use, clean the chamfer cutter to remove any debris or residue.
- Store the cutter in a safe and dry location, away from children and unauthorized users.

Disposal Instructions

- Dispose of the chamfer cutter in accordance with local regulations for tool disposal.
- If the cutter is damaged or no longer usable, consider recycling the materials where possible.
- Do not dispose of the cutter in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the 82° Chamfer Cutter, please reach out to the designated EU contact point for product safety.

Thank you for following these safety instructions. Your safety is our priority.
