

## **BRASS ONE CALIBER SET FOR .35 MUZZLE**

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

### **Square Up & Chamfer Rifle and Handgun Muzzles P Brass Bore Pilot**

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one brass bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for BRASS ONE CALIBER SET

## Introduction

Thank you for choosing the BRASS ONE CALIBER SET for .35 muzzle. This product is designed to provide you with precision tools for muzzle squaring and chamfering. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the product as intended to avoid injury or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any visible damage before each use. Do not use if damaged.
- Wear appropriate personal protective equipment (PPE) such as safety goggles and gloves during use.
- Ensure that your workspace is clean and welllit to avoid accidents.
- Be aware of your surroundings and ensure no one is in close proximity when operating the tools.
- If you experience any discomfort or unusual reactions while using the product, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- **Facing Cutter:**
  - Handle with care as the cutting edges are sharp.
  - Ensure the cutter is securely attached to the handle before use.
  - Do not apply excessive force; let the cutter do the work.
- **Chamfer Cutter:**
  - Always use the chamfer cutter at the recommended angles (45°).
  - Avoid using the cutter on materials other than intended.
- **Pilot:**
  - Ensure the pilot is properly aligned before commencing work.
  - Only use pilots that are compatible with the cutter being used.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials.
- Ensure that the work area is clear and organized.

### 2. Installing the Cutter:

- Select the appropriate cutter for your task (facing or chamfer).
- Attach the cutter securely to the handle. Ensure it is locked in place.

### 3. Using the Facing Cutter:

- Position the muzzle securely in a vice or similar fixture to prevent movement.
- Align the cutter with the muzzle and apply gentle pressure.
- Rotate the cutter in a consistent motion until the desired squaring is achieved.

### 4. Using the Chamfer Cutter:

- Position the cutter at a 45° angle to the edge of the muzzle or cylinder mouth.
- Apply light pressure and rotate the cutter to chamfer the edge.
- Check the chamfering frequently to ensure a clean finish.

#### **5. Using the Pilot:**

- Insert the pilot into the bore to ensure proper alignment of the cutter.
- Follow the same procedures as above for both the facing and chamfer cutters.

#### **6. PostUse:**

- Clean all tools after use to remove debris and prevent corrosion.
- Store the product in its original packaging or a suitable container to protect it from damage.

## **Disposal Instructions**

- Dispose of any damaged or wornout components in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Consider recycling options for metal components where available.

## **Contact Information for Further Support**

For any inquiries regarding safety concerns or product issues, please reach out to the designated contact point provided with your product packaging or on the manufacturer's website. Always ensure you have the latest information regarding recalls or safety alerts.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your BRASS ONE CALIBER SET.
