

## **90° MUZZLE FACING CUTTER & BRASS PILOT - BROWNELLS 90 DEGREE FACING CUTTER & BRASS PILOT FOR .32 MUZZLE**

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

### **Face Off & Square Up Rifle & Handgun Muzzles**

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select following for other rifle/handgun muzzle, cylinder facing & chamfering tools.

# Safety Instruction Guide for 90° Muzzle Facing Cutter & Brass Pilot

## Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Brass Pilot from Brownells. This tool is designed to square a muzzle after shortening or to repair dings and damage. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always use the cutter in a welllit and clean workspace.
- Keep the cutter and its components out of reach of children and vulnerable individuals.
- Inspect the cutter and pilot for any damage or wear before each use.
- Use personal protective equipment (PPE) such as safety glasses and gloves to protect against sharp edges and debris.
- Do not use the cutter for any purpose other than its intended use.
- Ensure the tool is stored safely after use to prevent accidental injuries.

## Specific Safety Precautions for Use

- Handle the cutter with care to avoid cuts or injuries.
- Ensure the pilot is properly aligned before use to prevent accidents.
- Do not exceed the recommended cutting depth to avoid damaging the tool or the workpiece.
- Avoid using excessive force while cutting; let the tool do the work.
- If the cutter becomes stuck, stop using it immediately and assess the situation.
- Do not modify the cutter or its components in any way.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary components: cutter, handle, and pilot.
- Ensure you are wearing appropriate PPE.

### 2. Installation of the Pilot:

- Select the appropriate pilot for your caliber.
- Insert the pilot into the cutter until it is securely in place.

### 3. Using the Cutter:

- Position the cutter at a 90° angle to the muzzle.
- Apply gentle pressure and rotate the cutter to square the muzzle.
- Check the progress frequently to ensure the desired result is achieved.

### 4. PostUse Care:

- Clean the cutter and pilot after each use to remove debris and prevent rust.
- Store the cutter and pilot in the provided polypropylene box to protect from damage.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the cutter or pilot in regular household waste. Check for local recycling options for metal products.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please refer to the EU contact point provided with your product documentation.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your 90° Muzzle Facing Cutter & Brass Pilot.
