

SQUARE CROSS-LOCK PATCHES, 3", 20-12 GAUGE, 1000 PACK

[Gun Cleaning & Chemicals](#) > [Patches & Mops](#) > [Bore Patches](#)

Two Textures In One Patch For Aggressive Scrubbing Or Application Of Solvents & Oils

Extra-tough, heavy duty patches with a cross-locking coarse weave on one side for aggressive removal of copper, plastic wad, lead and powder fouling, plus a smooth, flat weave on the other side to apply solvents or oils onto the lands and grooves. Made from a lint-free, super-absorbent blend of cotton and cellulosic fibers that hold more solvent and absorb more fouling than traditional patches. Sized for most calibers, from .22 centerfire to 12 gauge shotguns. Available in 1,000-Paks.

Attributes

- Name: [SQUARE CROSS-LOCK PATCHES, 3", 20-12 GAUGE, 1000 PACK](#)

SQUARE CROSSLOCK PATCHES Safety Instruction Guide

Introduction

Thank you for choosing SQUARE CROSSLOCK PATCHES. These patches are designed for effective cleaning of firearms by removing fouling from various materials. This guide provides essential safety instructions to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Store patches in a cool, dry place away from direct sunlight.
- Keep out of reach of children and vulnerable individuals.
- Regularly check for any signs of damage or wear before use.
- Dispose of used patches responsibly, following local regulations.

Specific Safety Precautions for Use

- Use the patches only on firearms that are unloaded and in a safe condition.
- Avoid using excessive force when applying solvents or oils to prevent splashing.
- Do not use the patches with flammable solvents or oils near open flames or heat sources.
- Wear protective gloves when handling solvents or oils to avoid skin irritation.
- Ensure proper ventilation when using solvents or oils to minimize inhalation risks.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary cleaning supplies, including the SQUARE CROSSLOCK PATCHES, cleaning solvent, and a cleaning rod.

2. Application:

- Select the appropriate size patch for your firearm caliber.
- Attach the patch to the cleaning rod.
- Apply a small amount of solvent or oil to the smooth side of the patch.

3. Cleaning:

- Insert the cleaning rod with the attached patch into the firearm bore.
- Move the rod back and forth gently to clean the lands and grooves.
- Remove the patch and inspect for fouling. Replace with a new patch if necessary.

4. PostCleaning:

- Dispose of used patches according to local regulations.
- Clean the cleaning rod and store it along with the patches in a safe location.

Disposal Instructions

- Used patches should be disposed of in accordance with local waste disposal regulations.

- Do not dispose of patches in the regular household waste if they are contaminated with hazardous materials.
- Consider recycling options where available.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of SQUARE CROSSLOCK PATCHES, please refer to the manufacturer's contact details provided with the product packaging.

Conclusion

By following these safety instructions, you can ensure a safe and effective cleaning process for your firearms. Always prioritize safety and consult the product packaging for any additional information or warnings. Thank you for your attention to these guidelines.
