## Hard-Scrubbing Bronze Bristles; Brass Shank & Coupling Won't Scratch Bores

If you or your customer has one of those guns that drives tacks or knocks down birds every time, the slight extra cost of our Special Line brushes is well worth it to eliminate any chance of the cleaning brush's shank putting a scratch in that all-important barrel. The Brass shank is one-piece, looped and wound, (not two, twisted together and chopped off). The coupling is no-scratch Brass. The bristles are the best, phosphor, bronze scrubbing wire for long life and thorough cleaning. SPECS: Bristles: Phosphor bronze. Shank: Brass, looped and wound. Overall Length: 3.27" (8.3cm)

# Safety Instruction Guide for SPECIAL LINE BRASS CORE RIMFIRE BORE BRUSHES

## Introduction

Thank you for choosing the SPECIAL LINE BRASS CORE RIMFIRE BORE BRUSHES by Brownells. This guide provides essential safety instructions to ensure the safe use of this product. Please read all sections carefully before using the bore brushes to minimize risks and enhance your cleaning experience.

## General Safety Guidelines

- Always use the bore brushes in accordance with the manufacturer's instructions.
- Ensure that the firearm is unloaded before using the bore brush.
- Store the bore brushes out of reach of children and vulnerable individuals.
- Regularly inspect the brushes for any signs of wear or damage before use.
- Follow local regulations regarding the use and disposal of cleaning products and tools.

## Specific Safety Precautions for Use

- **Avoid Contact with Eyes:** The bristles of the bore brushes can cause injury. Always wear safety goggles when using.
- **Handle with Care:** The brass shank is designed to prevent scratches, but improper handling can still cause damage. Use with caution.
- **Do Not Force:** If the brush does not fit easily into the bore, do not force it. Check for obstructions before proceeding.
- **Use Appropriate Size:** Ensure you are using the correct caliber bore brush for your firearm to prevent damage and ensure effective cleaning.
- **Keep Dry:** Avoid exposing the brushes to moisture when not in use to prevent rust and degradation of materials.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is completely unloaded and pointed in a safe direction.
- Gather necessary cleaning supplies including the bore brush, cleaning rod, and cleaning solution.

### 2. Installation:

- Attach the bore brush to the cleaning rod securely. Ensure that the threads are properly aligned.
- For rifles, use the appropriate thread size (540 for .17 cal, 832 for all others).

### 3. Usage:

- Insert the bore brush into the bore of the firearm.
- Gently push the brush through the bore, using a smooth, steady motion.
- Pull the brush back out carefully. Avoid twisting or jerking the rod to prevent damage.
- Repeat the process as necessary, depending on the level of fouling in the bore.

### 4. PostUse Cleaning:

- After use, clean the bore brush with a suitable cleaning solution to remove any debris.
- Allow the brush to dry completely before storing it.

## **Disposal Instructions**

- Dispose of the bore brushes in accordance with local regulations.
- Do not dispose of in regular household waste if they are contaminated with cleaning chemicals.
- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the SPECIAL LINE BRASS CORE RIMFIRE BORE BRUSHES, please refer to the manufacturer's contact details provided on the packaging or product webpage.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective cleaning experience with the SPECIAL LINE BRASS CORE RIMFIRE BORE BRUSHES. Always prioritize safety and proper handling to maintain the integrity of your firearm and enhance your cleaning routine.
