

# TLR-1 WEAPON LIGHT

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Weapon Lights](#)

## Lightweight, Powerful; Mounts Directly To Gun

Powerful weapon-mounted light fully illuminates target with an amazing 300 lumens of intense, white light. Ambidextrous, momentary or constant-on paddle switch lets you control light output to match your needs. High-output C4® LED lamp with impact-resistant Borofloat glass lens and deep-dish parabolic reflector produces a uniform beam with peripheral illumination and no hot spots or shadows. TLR-1 produces continuous output. TLR-1s adds a strobe setting instantly activated by two, rapid, successive taps on the paddle. Solid-state current regulation system maintains consistent illumination level through battery life cycle. Lightweight, machined 6000 series aluminum construction doesn't upset weapon balance, yet withstands hard field use. Locking bar system has interchangeable locating keys for mounting to MIL-STD 1913 Picatinny, Glock-style, S&W 99, S&W TSW, and Beretta 90-Two accessory rails. Fits all holsters designed to accept pistols mounted with the earlier Streamlight M-3/-5/-6 series lights. Streamlight TLR Contour Remote available separately.

## Attributes

- Name: [TLR-1 WEAPON LIGHT](#)
- Manufacturer: [Streamlight](#)
- Product no.: 100003009
- Mfr. No.: 69110
- Battery: CR-123
- Color: Black
- Lumens: 300
- Style: LED, Gun Mounted
- Delivery weight: 0.181kg
- Shipping height: 61mm
- Shipping width: 104mm
- Shipping length: 160mm
- UPC: 080926691100

## Item details

Made in USA

This product contains a battery.

# TLR1 Weapon Light Safety Instructions

## Introduction

Thank you for choosing the TLR1 Weapon Light. This guide provides essential safety instructions and information to ensure the safe use and maintenance of your new product. Please read this manual carefully before using the TLR1 Weapon Light.

## General Safety Guidelines

To ensure safe usage of the TLR1 Weapon Light, please adhere to the following guidelines:

- Always follow local laws and regulations regarding the use of weaponmounted lights.
- Keep the light out of reach of children and unauthorized users.
- Do not expose the light to extreme temperatures, moisture, or corrosive environments.
- Regularly inspect the light for any signs of damage or wear.
- Ensure that the light is turned off when not in use to conserve battery life.

## Specific Safety Precautions for Use

When using the TLR1 Weapon Light, consider the following safety precautions:

- **Avoid Direct Eye Exposure:** Do not shine the light directly into anyone's eyes, as it may cause temporary blindness or discomfort.
- **Secure Mounting:** Ensure the light is securely mounted to prevent it from dislodging during use.
- **Battery Safety:** Use only the recommended CR123 lithium batteries. Do not mix old and new batteries or different battery types.
- **Strobe Feature Awareness:** Be aware of the strobe setting and its potential effects on individuals with photosensitivity.

## Instructions for Installation and Usage

Follow these steps to properly install and use the TLR1 Weapon Light:

### 1. Installation:

- Ensure the weapon is unloaded and pointed in a safe direction.
- Select the appropriate mounting key for your weapon's accessory rail.
- Align the light with the rail and slide it into position.
- Secure the light by tightening the locking bar.

### 2. Using the Light:

- To turn on the light, press the paddle switch. For momentary activation, press lightly; for constanton, press firmly.
- To activate the strobe feature (TLR1s only), quickly tap the paddle switch twice.
- Always test the light prior to use to ensure proper function.

### 3. Battery Replacement:

- To replace the batteries, loosen the battery cap and remove the old batteries.
- Insert new CR123 batteries, ensuring correct polarity.
- Replace the battery cap securely.

## Disposal Instructions

Proper disposal of the TLR1 Weapon Light and its batteries is essential for environmental safety:

- Do not dispose of the light or batteries in regular household waste.
- Follow local regulations for electronic waste disposal.
- Consider recycling options for batteries at designated collection points.

## Contact Information for Further Support

For any safety inquiries or support, please contact the manufacturer or authorized dealer. Ensure you have your product information readily available for assistance.

## Conclusion

The TLR1 Weapon Light is designed to provide reliable illumination for your weapon. By following these safety instructions, you can ensure safe and effective use of your product. Always stay informed about safety recalls and updates through the EU's Safety Gate platform. Thank you for your attention to safety and for choosing the TLR1 Weapon Light.
