TLR Battery Door/Switch Assembly Safety Instructions

Introduction

Thank you for choosing the TLR Battery Door/Switch Assembly. This product is designed to enhance the functionality of your TLR series flashlights. To ensure your safety and the proper use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the product as intended, following the manufacturer's instructions.
- Ensure that the product is compatible with your specific TLR series flashlight model.
- Store the product in a dry, safe location away from direct sunlight and extreme temperatures.
- Regularly inspect the product for any signs of wear or damage before use.
- Keep this product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents involving this product to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not attempt to disassemble or modify the TLR Battery Door/Switch Assembly.
- Ensure that the battery is installed correctly and securely before use.
- Avoid exposing the product to moisture or extreme environmental conditions.
- Do not use the product if it appears damaged or malfunctions.
- Use caution when operating any electronic device in potentially hazardous environments.
- Always disconnect the battery when the flashlight will not be in use for an extended period.

Instructions for Installation and Usage

Installation Steps

1. Remove the Existing Battery Door/Switch:

- Unscrew the standard battery door/switch from your TLR series flashlight.
- Carefully detach the existing switch from the flashlight body.

2. Install the TLR Battery Door/Switch Assembly:

- Align the new battery door/switch assembly with the flashlight body.
- Firmly attach the assembly by screwing it into place.
- Ensure that the rotating quick disconnect plug is securely connected.

3. Connect the Remote Switch:

- If using a remote switch, connect it to the designated port on the battery door/switch assembly.
- Ensure that the connection is tight and secure.

Usage Instructions

- To activate the flashlight, press the momentary switch located on the assembly.
- For a continuous light, switch to the lockon function as per the original paddle switch design.
- Regularly test the functionality of the switch to ensure it operates correctly.

Disposal Instructions

- Dispose of the TLR Battery Door/Switch Assembly in accordance with local regulations.
- Do not dispose of the product with regular household waste.
- Consider recycling options where available to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the TLR Battery Door/Switch Assembly, please reach out to the manufacturer or your retailer. They will provide you with the necessary support and information.

Thank you for your attention to these safety instructions. Enjoy the enhanced functionality and performance of your TLR series flashlight!
