

SHOTGUN WADS - REMINGTON 20 GAUGE RXP20 7/8OZ 500/BAG

[Reloading](#) > [Wads](#)

Remington's one-piece shot cup/wad columns are made from highgrade virgin plastic to deliver consistent performance with minimal fouling. Remington offers a complete line of wads for both target and hunting loads .410 bore through 10-gauge magnum. Stitched-petal design helps keep wads from snagging on each other for easier reloading. Not for use with Steel Shot.

Safety Instruction Guide for SHOTGUN WADS REMINGTON 20 GAUGE RXP20 7/8OZ 500/BAG

Introduction

Thank you for choosing Remington's Shotgun Wads RXP20 20 Gauge. This guide provides essential safety instructions to ensure the safe use of this product. Please read and follow these instructions carefully to minimize risks and enhance your shooting experience.

General Safety Guidelines

- Ensure that all users are familiar with basic firearm safety practices.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and hearing protection, when using firearms.
- Keep the product out of reach of children and unauthorized users.
- Store the wads in a cool, dry place away from direct sunlight and moisture.
- Regularly inspect the wads for any signs of damage or wear before use.

Specific Safety Precautions for Use

- Do not use these wads with steel shot, as this may create unsafe conditions.
- Ensure that you are using the correct gauge (20 Gauge) for your firearm.
- Avoid overloading your shotshells, as this can lead to dangerous malfunctions.
- Do not attempt to modify or alter the wads in any way.
- Always follow the manufacturer's guidelines for reloading and ammunition specifications.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the wads, shotshells, and any reloading equipment.
- Ensure that your workspace is clean and organized.

2. Loading the Wads:

- Insert the wad into the shotshell casing, ensuring it fits snugly.
- Follow the recommended loading sequence as per your reloading manual.

3. Sealing the Shotshell:

- Once the wad is in place, proceed to load the appropriate amount of shot.
- Crimp the shotshell securely to ensure the contents are held in place.

4. Final Inspection:

- Check each loaded shotshell for proper assembly and ensure there are no visible defects.
- Store the loaded shotshells in a safe and secure location until ready for use.

Disposal Instructions

- Dispose of any unused or damaged wads in accordance with local waste disposal regulations.
- Do not burn or incinerate the wads, as this may release harmful fumes.
- If you need to dispose of loaded shotshells, consult local regulations regarding hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of Remington Shotgun Wads, please consult your local retailer or reach out to the designated EU contact point for safety inquiries.

Conclusion

By following these safety instructions, you can ensure a safer and more enjoyable experience with Remington Shotgun Wads RXP20. Always prioritize safety and stay informed about best practices in firearm usage. Thank you for your attention to these important guidelines.
