

ULTRALIGHT RINGS - 30MM HIGH 1.125" 6 SCREW ULTRALIGHT RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Designed to fit Mil-Std. 1913 scope bases, Nightforce rings are precisely manufactured to match the machined recess of a Nightforce Mil-Std. 1913 base, providing perfect alignment and accuracy. Nightforce rings are designed and produced in-house to exacting specifications entirely out of steel or from 7075-T6 aluminum with beta series titanium crossbolts and jaws. All Nightforce rings are 100% micro-radiused and honed in pairs for perfect fit of 30mm scope tubes to prevent the possibility of the rings damaging your scope.

ULTRALIGHT RINGS 30MM HIGH 1.25" 6 SCREW

Consumer Safety Instructions

Introduction

Thank you for choosing the ULTRALIGHT RINGS 30MM HIGH 1.25" 6 SCREW from Nightforce. This product is designed to provide a secure and accurate mounting solution for your scope. Please read this safety instruction guide carefully to ensure safe usage and proper installation of the product.

General Safety Guidelines

To ensure the safe use of the ULTRALIGHT RINGS, please adhere to the following guidelines:

- Always inspect the product for any visible damage or defects before installation and use.
- Ensure that the rings are compatible with your scope and mounting base.
- Only use the rings as intended and for their designed purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

When using the ULTRALIGHT RINGS, please observe the following precautions:

- Ensure that all screws are tightened to the manufacturer's specifications to prevent loosening during use.
- Avoid overtightening the screws, as this may damage the scope or the mounting base.
- Regularly check the rings and screws for signs of wear or damage, especially after heavy use.
- Do not expose the rings to extreme temperatures or harsh chemicals that may compromise their integrity.
- If you notice any unusual movement or instability while using your scope, discontinue use immediately and inspect the rings.

Instructions for Installation and Usage

To properly install and use the ULTRALIGHT RINGS, follow these steps:

1. Preparation:

- Gather all necessary tools, including a torque wrench, appropriate screwdrivers, and cleaning cloths.
- Ensure that your scope and rifle are clean and free from debris.

2. Installation:

- Place the ULTRALIGHT RINGS on the MilStd. 1913 scope base.
- Align the rings with the machined recess of the base for optimal fit.
- Insert the screws into the rings and handtighten them initially.

3. Securing the Rings:

- Using a torque wrench, tighten the screws to the manufacturer's recommended torque specifications.
- Ensure that the rings are evenly tightened to maintain alignment and prevent movement.

4. Scope Installation:

- Carefully place your scope into the rings.
- Adjust the scope position for eye relief and comfort.
- Tighten the screws on the scope rings to secure the scope in place, ensuring it is level.

5. Final Checks:

- Doublecheck all screws for tightness.
- Perform a visual inspection of the installation to ensure everything is secure and properly aligned.

Disposal Instructions

When disposing of the ULTRALIGHT RINGS, please consider the following:

- Do not dispose of the product in regular household waste.
- Check local regulations for proper disposal methods for metal and aluminum products.
- If the product is damaged or no longer usable, consider recycling materials where possible.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the ULTRALIGHT RINGS, please refer to the product packaging or visit the manufacturer's website for additional support resources.

Thank you for prioritizing safety and compliance while using the ULTRALIGHT RINGS. Your attention to these guidelines helps ensure a safe and enjoyable experience.
