

# ULTRALIGHT RINGS - 30MM X-HIGH 1.375" 6 SCREW ULTRALIGHT RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Designed to fit Mil-Std. 1913 scope bases, Nightforce rings are precisely manufactured to match the machined recess of a Nightforce Mil-Std. 1913 base, providing perfect alignment and accuracy. Nightforce rings are designed and produced in-house to exacting specifications entirely out of steel or from 7075-T6 aluminum with beta series titanium crossbolts and jaws. All Nightforce rings are 100% micro-radiused and honed in pairs for perfect fit of 30mm scope tubes to prevent the possibility of the rings damaging your scope.

## Attributes

- Name: [30MM X-HIGH 1.375" 6 SCREW ULTRALIGHT RINGS](#)
- Manufacturer: [NIGHTFORCE](#)
- Product no.: 100012593

# ULTRALIGHT RINGS 30MM XHIGH 1.375" 6 SCREW ULTRALIGHT RINGS Safety Instruction Guide

## Introduction

Thank you for choosing the ULTRALIGHT RINGS 30MM XHIGH. This guide provides essential safety instructions to ensure the safe use and installation of the product. Please read this guide carefully before use to maximize safety and performance.

## General Safety Guidelines

- Ensure that the rings are compatible with your specific scope and base.
- Always inspect the rings for any damage before installation.
- Follow all instructions carefully to avoid potential hazards.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product solely for its intended purpose to prevent accidents.
- If you encounter any issues or have questions, seek assistance from a qualified professional.

## Specific Safety Precautions for Use

- **Risk of Damage:** Improper installation may lead to damage to your scope. Ensure proper alignment and fit.
- **Weight Limitations:** Do not exceed the weight limits specified for your scope and rings.
- **Environmental Conditions:** Avoid using the rings in extreme weather conditions. High humidity, excessive heat, or cold may affect performance.
- **Regular Checks:** Periodically check the tightness of screws and bolts to ensure they remain secure during use.
- **Avoid Modifications:** Do not modify the rings or use noncompatible parts, as this may compromise safety and functionality.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather necessary tools (e.g., screwdriver, torque wrench).
- Ensure the work area is clean and free from distractions.

### 2. Installation Steps:

- **Step 1:** Position the rings on the MilStd. 1913 scope base.
- **Step 2:** Align the rings with the machined recess of the base for optimal fit.
- **Step 3:** Insert screws and handtighten them to secure the rings in place.
- **Step 4:** Use a torque wrench to tighten screws to the manufacturer's specifications, ensuring not to overtighten.
- **Step 5:** Place the 30mm scope tube into the rings and adjust the position as needed for optimal eye relief.
- **Step 6:** Once positioned, tighten the crossbolts and jaws securely.

### 3. Usage:

- Always check the alignment and tightness of the rings before each use.
- Avoid using excessive force when adjusting the scope to prevent damage.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If applicable, recycle metal and aluminum components through designated recycling programs.

## Contact Information for Further Support

For any inquiries related to safety or product performance, please refer to the manufacturer's contact resources available through their official website or customer service channels.

By following these guidelines, you can ensure safe and effective use of your ULTRALIGHT RINGS 30MM XHIGH. Thank you for your attention to safety, and enjoy your experience with your new product.
