

ULTRALIGHT RINGS - 30MM EXTREME 1.5" 6 SCREW ULTRALIGHT RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Designed to fit Mil-Std. 1913 scope bases, Nightforce rings are precisely manufactured to match the machined recess of a Nightforce Mil-Std. 1913 base, providing perfect alignment and accuracy. Nightforce rings are designed and produced in-house to exacting specifications entirely out of steel or from 7075-T6 aluminum with beta series titanium crossbolts and jaws. All Nightforce rings are 100% micro-radiused and honed in pairs for perfect fit of 30mm scope tubes to prevent the possibility of the rings damaging your scope.

ULTRALIGHT RINGS 30MM EXTREME Safety Instruction Guide

Introduction

Thank you for choosing the ULTRALIGHT RINGS 30MM EXTREME. This guide provides essential safety information and instructions to ensure the proper use and maintenance of your product. Please read this document carefully before using the rings to ensure safe and effective operation.

General Safety Guidelines

- Ensure that the ULTRALIGHT RINGS are compatible with your scope and firearm before installation.
- Always handle the rings and your scope with care to avoid damage.
- Inspect the rings regularly for any signs of wear or damage.
- Do not modify the rings or use them in any manner other than their intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents involving the rings to the appropriate authorities.

Specific Safety Precautions for Use

- **Compatibility Check:** Confirm that the rings are designed to fit MilStd. 1913 scope bases.
- **Installation Safety:** Ensure that the rings are securely tightened to avoid any movement during use.
- **Scope Protection:** Make sure the 30mm scope tube is properly seated in the rings to prevent damage.
- **Avoid Overtightening:** Do not overtighten screws, as this may damage the rings or the scope.
- **Use in Appropriate Conditions:** Avoid using the rings in extreme weather conditions that may affect performance.

Instructions for Installation and Usage

1. **Preparation:** Gather all necessary tools, including a torque wrench if available.
2. **Installation:**
 - Align the ULTRALIGHT RINGS with the MilStd. 1913 scope base.
 - Place the rings over the scope tube, ensuring that they are positioned correctly.
 - Securely fasten the screws using the appropriate tool. Follow the manufacturer's recommended torque settings to avoid overtightening.
3. **Adjustment:**
 - After installation, check the alignment of the scope through the rings.
 - Make any necessary adjustments to ensure proper sight alignment.
4. **Final Check:**
 - Perform a final inspection to ensure that all screws are tightened and that the scope is properly secured.
 - Test the setup at a safe location to ensure that the scope holds zero and functions correctly.

Disposal Instructions

- Dispose of the ULTRALIGHT RINGS in accordance with local regulations.
- If the rings are damaged or no longer usable, consider recycling the metal components where possible.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the ULTRALIGHT RINGS 30MM EXTREME, please refer to the manufacturer's website or customer service for assistance. Ensure that you have the product details ready for a

more efficient response.

By following these guidelines, you can ensure the safe use of your ULTRALIGHT RINGS 30MM EXTREME and maintain optimal performance. Thank you for your attention to safety.
