

ULTRALIGHT RINGS - 34MM MEDIUM 1.0" 6 SCREW ULTRALIGHT RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Designed to fit Mil-Std. 1913 scope bases, Nightforce rings are precisely manufactured to match the machined recess of a Nightforce Mil-Std. 1913 base, providing perfect alignment and accuracy. Nightforce rings are designed and produced in-house to exacting specifications entirely out of steel or from 7075-T6 aluminum with beta series titanium crossbolts and jaws. All Nightforce rings are 100% micro-radiused and honed in pairs for perfect fit of 30mm scope tubes to prevent the possibility of the rings damaging your scope.

ULTRALIGHT RINGS Safety Instruction Guide

Introduction

Thank you for choosing the ULTRALIGHT RINGS 34MM MEDIUM 1.0" 6 SCREW ULTRALIGHT RINGS by Nightforce. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully to understand how to properly install and use the rings while minimizing risks.

General Safety Guidelines

- Always inspect the product for any visible damage before use.
- Ensure that the ULTRALIGHT RINGS are compatible with your scope and mounting base.
- Follow all installation instructions carefully to prevent accidents.
- Keep the product out of reach of children and vulnerable individuals.
- In case of damage or malfunction, discontinue use immediately and consult a professional.

Specific Safety Precautions for Use

- Use only as intended: The ULTRALIGHT RINGS are designed for mounting 30mm scope tubes on MilStd. 1913 scope bases.
- Avoid overtightening: Excessive force during installation may damage the rings or scope.
- Ensure proper alignment: Misalignment can lead to inaccurate shooting and potential safety hazards.
- Regularly check the integrity of the rings: Inspect for wear and tear, especially before and after use.
- Do not modify the product: Altering the rings may compromise safety and performance.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure your work area is clean and welllit.

2. Installation Steps

- Remove any existing rings or mounts from your scope and rifle.
- Place the ULTRALIGHT RINGS on the MilStd. 1913 scope base, ensuring they are positioned correctly.
- Align the rings with the scope tube, making sure they are parallel.
- Insert the screws and handtighten them to secure the rings in place.
- Use a torque wrench to tighten the screws to the manufacturer's recommended torque settings. Avoid overtightening.

3. Usage Tips

- After installation, check the alignment of the scope through the rings.
- Make adjustments as necessary to ensure optimal performance.
- Regularly inspect the rings for any signs of wear or loosening during use.

Disposal Instructions

- Dispose of the ULTRALIGHT RINGS in accordance with local waste disposal regulations.
- Do not dispose of the product in household waste. Check for recycling options available in your area.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the manufacturer's contact points available in the product documentation.

Conclusion

By following these safety instructions, you will ensure a safe and enjoyable experience with your ULTRALIGHT RINGS 34MM MEDIUM 1.0" 6 SCREW ULTRALIGHT RINGS. Always prioritize safety when using this product and stay informed about any updates or recalls related to your purchase. Thank you for choosing Nightforce.
