

# ULTRALIGHT RINGS - 34MM X-HIGH 1.375" 6 SCREW ULTRALIGHT RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Designed to fit Mil-Std. 1913 scope bases, Nightforce rings are precisely manufactured to match the machined recess of a Nightforce Mil-Std. 1913 base, providing perfect alignment and accuracy. Nightforce rings are designed and produced in-house to exacting specifications entirely out of steel or from 7075-T6 aluminum with beta series titanium crossbolts and jaws. All Nightforce rings are 100% micro-radiused and honed in pairs for perfect fit of 30mm scope tubes to prevent the possibility of the rings damaging your scope.

## ULTRALIGHT RINGS Safety Instructions

### Introduction

Thank you for choosing the ULTRALIGHT RINGS 34MM XHIGH 1.375" 6 SCREW ULTRALIGHT RINGS by NIGHTFORCE. This product is designed for secure mounting of scopes on MilStd. 1913 scope bases. To ensure safe and effective use, please read and follow these safety instructions carefully.

### General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Inspect the rings and mounting hardware for any signs of damage before use.
- Store the rings in a cool, dry place away from direct sunlight when not in use.
- Do not exceed the recommended weight limit for the scope being mounted.
- Use only compatible scope tubes with a diameter of 34mm.
- Always handle the rings and scope with care to avoid dropping or damaging them.
- Be aware of your surroundings when using firearms equipped with mounted scopes.

### Specific Safety Precautions for Use

- **Installation Area:** Perform installation in a clean, welllit environment to avoid losing small components.
- **Tools:** Use appropriate tools for installation. Ensure all tools are in good condition.
- **Tightening Screws:** Do not overtighten screws. Follow the manufacturer's torque specifications to avoid damaging the rings or the scope.
- **Vulnerable Users:** Keep the product out of reach of children and individuals who may not understand its proper use.
- **Scope Protection:** Ensure that the rings do not contact the scope tube in a way that could cause scratches or damage.

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary tools and ensure that the installation area is clean.
- Verify that the ULTRALIGHT RINGS are compatible with your scope and base.

#### 2. Installation:

- Place the rings onto the MilStd. 1913 scope base.
- Align the rings so that they are parallel and level.
- Insert the screws into the rings and handtighten them to hold the rings in place.

#### 3. Tightening:

- Use a torque wrench to tighten the screws according to the manufacturer's specifications.
- Ensure that the rings are securely fastened but avoid overtightening.

#### 4. Scope Mounting:

- Carefully place the scope into the rings.
- Adjust the position of the scope for optimal eye relief and level.
- Tighten the screws on the rings to secure the scope in place.

## **5. Final Check:**

- After installation, check the alignment and stability of the scope.
- Ensure that all screws are tightened and that there is no movement in the rings.

## **Disposal Instructions**

- Dispose of the ULTRALIGHT RINGS and any packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options or designated disposal sites for metal and aluminum products.

## **Contact Information for Further Support**

For safety inquiries or further assistance regarding the ULTRALIGHT RINGS, please refer to the manufacturer's website or customer service resources. Ensure that you have your product details ready for a more efficient response.

By following these safety instructions, you can ensure safe and effective use of the ULTRALIGHT RINGS 34MM XHIGH 1.375" 6 SCREW ULTRALIGHT RINGS. Thank you for your attention to safety, and enjoy your product!
