

PMAG® AR/M4 GEN M3™ 5.56X45 NATO RIFLE MAGAZINE FOR AR-15 - MAGPUL PMAG GEN M3 5.56/.223 40RD FOR AR-15 BLK 10/PACK

[Magazines](#) > [Rifle Magazines](#) > [Magazines](#)

Super-Durable & Ultra-Dependable PMAG Refined & Battle-Hardened By Combat Experience

The next-generation PMAG AR/M4 GEN M3 is a 30-round polymer magazine for AR15/M4 compatible weapons chambered in 5.56x45 NATO / .223 Remington. Along with expanded feature set and compatibility, the GEN M3 incorporates new material technology and manufacturing processes for enhanced strength, durability, and reliability that exceed rigorous military performance specifications. While the GEN M3 is optimized for Colt-spec AR15/M4 platforms, modified internal and external geometry also permits operation with a range of additional weapons, such as the HK® 416/MR556A1/M27 IAR, British SA-80, FN® SCAR™ MK 16/16S, and others. Similar to the MOE® PMAG, the GEN M3 features a long-life USGI-spec stainless steel spring for commonality, a four-way anti-tilt follower, constant-curve internal geometry for reliable feeding, and simple tool-less disassembly for easy cleaning. The PMAG GEN M3 also includes a redesigned bolt catch notch in the rear of the magazine that provides increased bolt catch clearance, while an over-travel stop on the spine helps ensure the magazine will not over-insert on compatible weapons. Low profile ribs and new, aggressive front and rear texture give positive control of the GEN M3 in all environments, and a paint pen dot matrix has been added to the bottom panel of the body to allow easy marking for identification. The new, easy to disassemble flared floorplate aids extraction and handling of the magazine while providing improved drop protection, but is slightly slimmer than before for better compatibility with tight double and triple magazine pouches. FEATURES 30 or 40-round reliability with no stoppages Easy Identification - Use the paint pen dot matrix to easily identify your different loads when it's crunch time Advanced follower- The anti-tilt, self-lubricating follower ensures a smooth feed and magazine reliability Slimline floorplate - Improved flared floorplate aids magazine handling and disassembly and is slim enough for use with many double and triple pouches Next-generation impact and crush-resistant polymer construction that includes constant-curve internal geometry for smooth feeding Modified dimensions allow for wider compatibility with non Colt-spec 'STANAG 4179' platforms Constant-curve internal geometry, over-travel insertion stop on the spine, and a long-life stainless steel spring ensure smooth feeding Made in the USA. SPECS Caliber: 5.56x45mm / .223 Remington Platform: AR15, M4, M16, SA-80 Capacity: 30 or 40 Rounds depending on magazine Weight: 5 oz. Length, max: 7.5 in. Compatibility: Wide compatibility with most 'STANAG 4179' platforms such as the AR15, M4, M16, SCAR MK16/16S, HK416, MR556, M27 IAR, IWI Tavor, and others

PMAG® AR/M4 GEN M3 5.56X45 NATO RIFLE MAGAZINE SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the PMAG® AR/M4 GEN M3 5.56X45 NATO Rifle Magazine. This document provides essential safety instructions and guidelines to ensure the safe and effective use of your magazine. Please read this manual carefully before use to understand how to operate and maintain your product safely.

General Safety Guidelines

- Always treat every firearm and magazine as if they are loaded.
- Keep the magazine out of reach of children and unauthorized users.
- Always check the magazine for compatibility with your firearm before use.
- Do not modify the magazine in any way that could affect its performance or safety.
- Store the magazine in a cool, dry place away from direct sunlight and moisture.
- Regularly inspect the magazine for wear or damage. Do not use if damaged.

Specific Safety Precautions for Use

- Ensure that the magazine is fully seated in the firearm before use.
- Do not exceed the magazine's stated capacity (30 or 40 rounds).
- Use only 5.56mm/.223 ammunition in this magazine.
- Avoid exposure to extreme temperatures as this may affect the magazine's performance.
- Do not attempt to disassemble the magazine unless following the toolless disassembly instructions provided.
- If the magazine does not feed properly, cease use immediately and inspect it for obstructions or damage.

Instructions for Installation and Usage

1. Installation:

- Align the magazine with the magazine well of your firearm.
- Push the magazine firmly into the magazine well until you hear a click, indicating it is secured in place.

2. Loading the Magazine:

- Hold the magazine with the feed lips facing up.
- Insert cartridges one at a time into the magazine, ensuring they are pushed down fully.
- Do not exceed the maximum capacity of the magazine.

3. Using the Magazine:

- Once loaded, insert the magazine into your firearm as instructed in the installation section.
- Ensure the firearm is pointed in a safe direction at all times.
- Follow all standard firearm safety protocols while using your firearm.

4. Disassembly and Cleaning:

- To disassemble, press the floorplate release and slide the floorplate off.
- Remove the follower and spring for cleaning.
- Clean the magazine body with a damp cloth and ensure all components are dry before reassembly.

- Reassemble the magazine by reversing the disassembly steps.

Disposal Instructions

- Dispose of the magazine in accordance with local regulations.
- Do not dispose of the magazine in regular household waste if it is damaged or no longer usable.
- Consider recycling if the magazine is made of recyclable materials.

Contact Information for Further Support

For safety inquiries, product support, or to report unsafe products, please consult your local regulations or safety authorities. Always refer to the EU's Safety Gate platform for recall updates and safety alerts.

By following these guidelines, you can help ensure the safe use of your PMAG® AR/M4 GEN M3 5.56X45 NATO Rifle Magazine. Thank you for your commitment to safety.
