

275 RIGBY BRASS CASE - 275 RIGBY BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Hornady unprimed brass features tight tolerances, uniform concentricity, consistent weight and capacity. Their manufacturing processes ensure consistent bullet seating and uniform bullet release for optimal velocity and accuracy. Target shooters insist on uniform case wall thickness and tight tolerances. Hornady delivers this by treating brass as the foundation for an accurate cartridge, not as a commodity.

Safety Instruction Guide for 275 RIGBY BRASS CASE

Introduction

Thank you for choosing the 275 RIGBY BRASS CASE from Hornady. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read this document carefully before using the brass cases.

General Safety Guidelines

- Ensure that all users are aware of the safety guidelines associated with handling brass cases.
- Store brass cases in a cool, dry place away from direct sunlight and moisture.
- Keep brass cases out of reach of children and vulnerable individuals.
- Regularly check for any signs of damage or wear on the brass cases before use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection and gloves, when handling brass cases.
- Do not use damaged or deformed brass cases as they may pose safety risks.
- Ensure that the brass cases are compatible with your firearm before use.
- Avoid overloading the brass cases beyond their specified limits to prevent accidents.
- Be aware of the potential risks associated with reloading ammunition and follow all recommended practices.

Instructions for Installation and Usage

1. Preparation:

- Inspect the brass cases for any visible damage or deformities.
- Ensure that your workspace is clean and free of obstructions.

2. Reloading Process:

- Follow the manufacturer's guidelines for reloading the brass cases.
- Use only recommended powders and primers for the 275 Rigby cartridge.
- Ensure that all equipment used in the reloading process is in good working condition.

3. Filling and Seating:

- Carefully fill the brass cases with the appropriate amount of powder as per the specifications.
- Seat the bullet firmly in the case mouth to ensure proper alignment.

4. Final Inspection:

- After reloading, inspect each round for consistency in bullet seating and overall quality.
- Store the reloaded ammunition in a safe and secure location.

Disposal Instructions

- Dispose of any damaged or unusable brass cases according to local regulations.
- Do not throw brass cases in regular trash; check for recycling options in your area.

- Ensure that all reloaded ammunition that is no longer usable is disposed of safely.

Contact Information for Further Support

For additional support and safety inquiries, refer to the contact information provided with your product packaging or visit the official Hornady website.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your 275 RIGBY BRASS CASE. Thank you for your attention to safety.
