

AR-15 MBUS GEN 2 SIGHT SET - MAGPUL MBUS SIGHT SET FLIP-UP POLYMER FOR AR-15 GRAY

[Rifle Parts](#) > [Sights](#) > [Sight Sets](#)

Reliable, Low-Profile, Quick-Deploy Backup Sights

Low-profile, flattop-mounted, polymer sights deploy instantly at the touch of a finger to provide backup sighting if a primary optic fails. Streamlined contours mean there's nothing to snag on brush, sling, or other gear when folded. Spring-loaded ambidextrous release mechanism lets you hit the grooved tab on either side of the sight to deploy, and lock it in place. Hitting the same tabs retract the sight when you're done. Uses less than 1" of MIL-STD 1913 Picatinny receiver rail space and locks securely in place with the included steel crossbolt. Provides the same height over bore as standard A2 iron sights. Windage-adjustable rear sight has two apertures: a large, .185" peep and a .070" peep. Designed for AR-type rifles and carbines, fits any weapon with Picatinny rails. Front sight must be mounted on a railed forend on the same plane as the receiver rail to witness correctly with rear sight. Not compatible with railed gas blocks or the MOE handguard.

AR15 MBUS GEN 2 SIGHT SET SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the AR15 MBUS GEN 2 Sight Set by Magpul. This guide provides essential safety instructions and usage guidelines to ensure safe and effective operation of your sight set. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the firearm is unloaded before installing or adjusting the sight set.
- Always handle firearms with care and follow all applicable safety regulations.
- Inspect the sight set before each use for any signs of wear or damage.
- Only use the sight set on firearms equipped with Picatinny rails as specified.
- Keep the sight set out of reach of children and unauthorized users.
- If you experience any issues with the sight set, cease usage immediately and consult a professional.

Specific Safety Precautions for Use

- **Deployment and Retraction:**
 - Use the ambidextrous release mechanism to deploy or retract the sights.
 - Ensure that your fingers are clear of the sight mechanism when deploying or retracting.
- **Mounting:**
 - The front sight must be mounted on a railed forend on the same plane as the receiver rail.
 - Verify that the sight is securely locked in place before use.
- **Compatibility:**
 - Do not attempt to use the sight set with railed gas blocks or the MOE handguard as compatibility is not guaranteed.
- **Windage Adjustment:**
 - Make adjustments carefully to avoid losing zero.
 - Always check the alignment of the sights after making adjustments.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded.
- Locate the Picatinny rail on your firearm.
- Align the sight set with the rail, ensuring that the front sight is mounted on a railed forend.
- Secure the sight set using the included steel crossbolt.
- Confirm that the sight set is locked in place and does not move.

2. Usage:

- To deploy the rear sight, press the grooved tab on either side of the sight.
- Ensure the sight is fully deployed before aiming.
- To retract the sight after use, press the same tabs and fold the sight down.
- Use the windageadjustable rear sight to align your aim, selecting the appropriate aperture for your shooting conditions.

Disposal Instructions

- Dispose of the sight set in accordance with local regulations regarding electronic and polymer waste.
- Do not incinerate or expose the sight set to extreme heat, as it may release harmful substances.

Contact Information for Further Support

For any inquiries regarding the safety or usage of the AR15 MBUS GEN 2 Sight Set, please consult the manufacturer or authorized retailers for assistance.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your AR15 MBUS GEN 2 Sight Set. Always prioritize safety and responsible handling of your firearm.
