

TURBO CASE/MEDIA SEPARATOR

[Reloading](#) > [Case Cleaning](#) > [Case Tumblers & Accessories](#)

Lyman engineers took a look at the media separators on the market and decided that they could do better. The result is a separator that incorporates many new features that makes the messy job of sifting media from cases much easier. The inner basket can be positioned to prevent it from moving as cases are poured in. The crank handle cover spins freely on the crank, making it much more comfortable to use. Improved latches provide a solid lock-up for the basket and the outer cover. The covers have interlocking edges to seal media and dust inside. Free spinning crank handle cover Improved latches for a tight lock-up of the basket and cover Can be used with either right or left hand Tight seal to trap media and dust inside

TURBO CASE/MEDIA SEPARATOR Safety Instruction Guide

Introduction

Thank you for choosing the TURBO CASE/MEDIA SEPARATOR. This product is designed to make the process of separating media from cases easier and more efficient. To ensure safe and effective use, please read and follow this safety instruction guide carefully.

General Safety Guidelines

- Always use the product according to the manufacturer's instructions to ensure safe operation.
- Keep the product out of the reach of children and vulnerable individuals to prevent accidents.
- Inspect the product regularly for any signs of damage or wear. Do not use if damaged.
- Be aware of your surroundings and ensure that the area is clear of obstacles while using the product.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure the crank handle cover is securely attached before use to prevent it from detaching during operation.
- Always position the inner basket correctly to avoid movement while pouring cases.
- Use the product with both hands for better stability and control, especially when pouring media.
- Do not overload the separator beyond its intended capacity, as this may cause malfunction or injury.
- Avoid using the product near open flames or heat sources.
- Always clean the separator after use to prevent buildup of media and dust that could affect performance.

Instructions for Installation and Usage

1. Unpacking the Product

- Carefully remove the TURBO CASE/MEDIA SEPARATOR from its packaging.
- Ensure all components are included and undamaged.

2. Setting Up the Separator

- Place the separator on a stable, flat surface.
- Ensure that the inner basket is securely positioned to prevent movement.

3. Using the Separator

- Pour cases into the separator slowly, ensuring the inner basket remains stable.
- Operate the crank handle with a smooth motion to facilitate the separation process.
- Monitor the operation to ensure that the covers remain securely in place.

4. PostUsage Care

- After use, empty the separator and clean all components.
- Store the separator in a dry place, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of the TURBO CASE/MEDIA SEPARATOR responsibly at the end of its life cycle.

- Follow local regulations for the disposal of plastic and metal products.
- Consider recycling options where available to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the TURBO CASE/MEDIA SEPARATOR, please refer to the manufacturer's website or contact the customer support team.

By adhering to these safety instructions, you contribute to a safer environment while enjoying the benefits of your TURBO CASE/MEDIA SEPARATOR. Thank you for your attention to safety!
