

#8.5 MAGNUM LEAD SHOT 25 LBS/BAG

[Reloading](#) > [Shot](#)

Building on 100 years of shot-making experience, the folks at Lawrence design their shot to pattern tightly and deliver deep penetration on game. Flows great through shotshell reloaders, too. Magnum Lead Shot is made out of a high-antimony alloy that gives extra hardness and helps prevent pellet deformation at high velocities and pressures. Graphite coating helps pellets to flow smoothly through the loader. Sold by the bag.

Safety Instruction Guide for LAWRENCE BRAND SHOT #8.5 MAGNUM LEAD SHOT

Introduction

Thank you for choosing LAWRENCE BRAND SHOT #8.5 MAGNUM LEAD SHOT. This product is designed for safe and effective use in shooting sports. This guide provides essential safety instructions to help you use this product responsibly and in compliance with EU safety regulations.

General Safety Guidelines

- Always follow local laws and regulations regarding the use of lead shot and shooting sports.
- Ensure that all users are trained in safe shooting practices.
- Store the product in a cool, dry place, away from direct sunlight and moisture.
- Keep the product out of reach of children and unauthorized persons.
- Use appropriate personal protective equipment (PPE) such as safety glasses and hearing protection when handling and using this product.
- Regularly check for any updates or recalls related to this product on the EU Safety Gate platform.

Specific Safety Precautions for Use

- Handle with care to avoid injury. Do not drop or mishandle the shot bags.
- Avoid using the product near flammable materials or in environments with high risk of fire.
- Ensure that the shotshell reloader is in good working condition before use.
- Do not exceed the recommended load specifications for your shotshell reloader.
- Inspect the product for any signs of damage or deformation before use. Do not use damaged product.
- Be aware of your surroundings and ensure a safe shooting environment, free from obstructions and bystanders.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your shotshell reloader is clean and free from debris.
- Gather all necessary tools and equipment before starting.

2. Loading the Shot:

- Open the bag of LAWRENCE BRAND SHOT #8.5 MAGNUM LEAD SHOT carefully.
- Pour the required amount of lead shot into the reloader, following the manufacturer's instructions for your specific model.
- Ensure that the shot flows smoothly through the loader. If there are any blockages, stop and clear them before proceeding.

3. Finalizing the Load:

- Follow the reloader's instructions for completing the loading process.
- Doublecheck that all components are securely in place before sealing the shotshell.

4. Storage:

- After use, store any remaining lead shot in its original bag.
- Seal the bag tightly and store it in a designated area, away from children and pets.

Disposal Instructions

- Dispose of any unused or expired lead shot in accordance with local regulations.
- Do not dispose of lead shot in regular household waste. Contact your local waste management authority for proper disposal methods.
- If you have any spent cartridges, ensure they are disposed of safely and responsibly.

Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please reach out to the appropriate EUbased contact point or your local regulatory authority.

By following these safety instructions, you can ensure a safe and enjoyable experience with LAWRENCE BRAND SHOT #8.5 MAGNUM LEAD SHOT. Thank you for your attention to safety.
