[Home](#)

Galco's TacSlide™ combines steerhide and Kydex® for a belt holster that is fast, concealable, and very economical! The wide spacing of the 1 3/4" belt slots pulls the handgun in tight to the body for excellent concealment. The TacSlide's silhouetted, belt-slide design accommodates multiple barrel lengths on the same basic frame size while simultaneously minimizing overall bulk. The steerhide backplate is smooth where it rides against the wearer's body, greatly increasing comfort.
