A key component of this shoulder system is its spider harness. All four points of the spider harness pivot independently and are connected by our unique clover shaped Flexalon™ swivel back plate, which is a Galco trademark. This results in a perfect fit and lasting comfort for all sizes and shapes. This system is constructed of premium saddle leather and includes holster, harness, ammo carrier and a set of system screws. The Miami Classic is fully modular. Harness fits chests to 52". Note: Holster system pictured with magazine carrier for semi-auto. Revolver systems include double drop pouch for loose cartridges.
