Gives Tight, Consistent Lockup for Superior Accuracy Potential

The Faxon threaded barrel for Glock® 17 has been carefully engineered, meticulously machined, and exhaustively tested at Faxon's Cincinnati, Ohio, factory to deliver top-notch performance. These barrels are machined from triple stress-relieved, GBQ 4150 carbon steel for a tighter-than-OEM barrel fit. As a result, the Faxon threaded barrel for Glock® 17 gives an impressively precise lockup for greater accuracy potential. Faxon's G17 threaded barrel has conventional 1-10" twist rifling that stabilizes all 9mm projectiles, including heavy subsonic bullets, as well as economical cast lead bullets that some pistol shooters like to use for practice (a no-no in factory "polygonal rifled" barrels!). Universal fit - compatible with G17 Gen1-4 ½"-28 threaded muzzle is ready for a comp, brake, or sound suppressor 11° target crowned muzzle helps ensure the bullet stays on a true trajectory 9mm SAAMI-spec chamber Hard black Nitride finish resists surface wear & corrosion An excellent upgrade for your existing pistol, Faxon's threaded barrel for Glock® 17 is also an ideal starting point for a custom build.

Safety Instruction Guide for Faxon Threaded FullSize Barrel for Glock® 17 Gen 14

Introduction

Thank you for choosing the Faxon Threaded FullSize Barrel for Glock® 17 Gen 14. This guide provides important safety information and instructions for the proper use and maintenance of your new barrel. Please read this guide carefully to ensure safe and effective operation.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Ensure that you are in a safe environment when handling your firearm.
- Store the barrel and firearm securely to prevent unauthorized access, especially from children.
- Regularly inspect your barrel and firearm for any signs of wear or damage.
- Do not use ammunition that is not compatible with your barrel specifications.
- Follow all local laws and regulations regarding firearm ownership and usage.

Specific Safety Precautions for Use

- Use only 9mm Luger ammunition with your Faxon threaded barrel.
- Ensure that the barrel is properly installed before firing.
- Avoid using heavy subsonic bullets in conjunction with suppressors unless the suppressor is rated for such use.
- Do not use cast lead bullets in polygonal rifled barrels unless specified by the manufacturer.
- Be cautious of the increased noise level when firing without a suppressor.
- Always wear appropriate eye and ear protection when shooting.

Instructions for Installation and Usage

Installation

1. **Ensure Safety:** Verify that your firearm is unloaded and pointed in a safe direction.
2. **Remove the Existing Barrel:** Follow the manufacturer's instructions to disassemble your Glock® 17 and remove the existing barrel.
3. **Inspect the New Barrel:** Check the Faxon threaded barrel for any visible damage or defects.
4. **Install the New Barrel:**
 - Align the barrel with the slide.
 - Push the barrel into the slide until it is seated properly.
5. **Reassemble the Firearm:** Follow the manufacturer's instructions to reassemble your Glock® 17.
6. **Check Functionality:** Ensure that the slide operates smoothly with the new barrel installed.

Usage

- **Firing:** Load your firearm with 9mm Luger ammunition and ensure that you are in a safe shooting environment.
- **Cleaning:** After use, clean the barrel according to the manufacturer's recommendations to maintain performance and longevity.
- **Storage:** Store the barrel and firearm in a secure location when not in use.

Disposal Instructions

- Dispose of the barrel and any associated packaging in accordance with local regulations.
- Do not dispose of the barrel in regular household waste. Check with local waste management for proper disposal methods.

Contact Information for Further Support

For any questions, concerns, or safety inquiries regarding your Faxon threaded barrel, please refer to the manufacturer's website or contact their customer support team. Always ensure that you have the latest information regarding product recalls or safety notices.
