## Target Rifle Accuracy Combined With Carbine Balance & Maneuverability

Faxon's .300 AAC Blackout Gunner Barrels are machined from hardened 4150 Chrome moly in a unique contour that balances rigidity - for excellent accuracy - with light weight for maneuverability. From the muzzle back to the gas block .300 AAC Blackout Gunner Barrels match Faxon's skinny "Pencil" profile to keep weight down and preserve ease of handling. There's more metal from the gas block back to the barrel extension to provide rigidity and combat distortion due to heat buildup during long shooting sessions. Available in 7.5" and 10.5", with gas port drilled for pistol length gas tube, and 16" with carbine-length gas port Gas Port: .104" Gas block journal: .750" Outside diameter: 1.9" SAAMI-chambered with 1-8" twist rifling stabilized the full range of 300 BLK bullets 11° target crowned muzzle 5/8-24 tpi muzzle threads Black QPQ Nitride finish with NP3-coated barrel extension Barrel Extension: M4 feed ramps The Faxon .300 AAC Blackout Gunner Barrel profile shifts the center of gravity rearward, putting the weight under the support hand and making the rifle easier to maneuver.

## Attributes

# Safety Instruction Guide for AR15 Barrels 300 Blackout Gunner Profile

## Introduction

Thank you for choosing the Faxon .300 AAC Blackout Gunner Barrel. This guide provides important safety instructions and guidelines to ensure safe and effective use of your product. Please read this document carefully before using the barrel.

## General Safety Guidelines

- Ensure that you are familiar with the laws and regulations regarding firearms and firearm components in your country or region.
- Always treat every firearm as if it is loaded, even if you believe it is not.
- Store your firearm and its components securely and out of reach of children or unauthorized individuals.
- Use protective eyewear and hearing protection when handling firearms.
- Regularly inspect your firearm and its components for signs of wear or damage before use.
- Follow all safety instructions provided by the firearm manufacturer and the barrel manufacturer.

## Specific Safety Precautions for Use

- Only use the Faxon .300 AAC Blackout Gunner Barrel with compatible firearms.
- Ensure that the barrel is installed correctly and securely before firing.
- Use only ammunition that is specified for .300 AAC Blackout.
- Be aware of the potential risks of overheating during prolonged firing sessions. Allow the barrel to cool as needed to prevent distortion.
- Do not modify or alter the barrel in any way, as this may compromise its safety and performance.
- If you experience any malfunctions or issues while using the barrel, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing barrel from the firearm according to the manufacturer's instructions.
- Clean the barrel extension area of the receiver to remove any debris or old lubricant.
- Align the Faxon .300 AAC Blackout Gunner Barrel with the receiver and install it according to the manufacturer's specifications.
- Ensure that the gas block is installed correctly and that the gas port is aligned with the gas tube.
- Tighten all components securely, ensuring proper fit and function.

### 2. Usage:

- Load the firearm with compatible .300 AAC Blackout ammunition.
- Ensure the safety is engaged until you are ready to fire.
- Fire the firearm in a controlled manner, monitoring for any signs of malfunction.
- After shooting, allow the barrel to cool before cleaning or further handling.

## Disposal Instructions

- Dispose of the barrel in accordance with local laws and regulations regarding firearm components.
- Contact your local waste management authority for guidance on the safe disposal of firearm materials.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Faxon .300 AAC Blackout Gunner Barrel, please refer to the manufacturer's contact information provided with your product packaging.

By following these guidelines, you will help ensure your safety and the safe operation of your firearm. Always prioritize safety and responsibility when handling firearms and their components. Thank you for your attention to these important safety instructions.
