## Target Rifle Accuracy Combined With Carbine Balance & Maneuverability

Faxon's .300 AAC Blackout Gunner Barrels are machined from hardened 4150 Chrome moly in a unique contour that balances rigidity - for excellent accuracy - with light weight for maneuverability. From the muzzle back to the gas block .300 AAC Blackout Gunner Barrels match Faxon's skinny "Pencil" profile to keep weight down and preserve ease of handling. There's more metal from the gas block back to the barrel extension to provide rigidity and combat distortion due to heat buildup during long shooting sessions. Available in 7.5" and 10.5", with gas port drilled for pistol length gas tube, and 16" with carbine-length gas port Gas Port: .104" Gas block journal: .750" Outside diameter: 1.9" SAAMI-chambered with 1-8" twist rifling stabilized the full range of 300 BLK bullets 11° target crowned muzzle 5/8-24 tpi muzzle threads Black QPQ Nitride finish with NP3-coated barrel extension Barrel Extension: M4 feed ramps The Faxon .300 AAC Blackout Gunner Barrel profile shifts the center of gravity rearward, putting the weight under the support hand and making the rifle easier to maneuver.

# Safety Instruction Guide for AR15 Barrels 300 Blackout Gunner Profile

## Introduction

Thank you for choosing the Faxon .300 AAC Blackout Gunner Barrel. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Ensure that you are familiar with the safe handling and operation of firearms.
- Always treat every firearm as if it is loaded.
- Keep firearms pointed in a safe direction at all times.
- Store firearms and ammunition securely, away from children and unauthorized users.
- Use appropriate personal protective equipment (PPE), such as shooting glasses and hearing protection, when using firearms.
- Regularly inspect your barrel and firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm usage.

## Specific Safety Precautions for Use

- Only use the Faxon .300 AAC Blackout Gunner Barrel with compatible AR15 platforms.
- Ensure that the barrel is properly installed by a qualified gunsmith if you are not experienced in firearm assembly.
- Use only ammunition that is specifically designed for the .300 AAC Blackout cartridge.
- Be aware of the potential for muzzle rise and recoil when firing, and maintain a firm grip on your firearm.
- Avoid using handloads or reloaded ammunition unless you are knowledgeable about the reloading process and the specific load used.
- Do not exceed the manufacturer's recommended load specifications.
- Always check the barrel for obstructions before firing.
- If you experience any malfunctions or unusual behavior, stop using the firearm immediately and seek professional assistance.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your firearm is unloaded before beginning the installation process.
- Remove the existing barrel from your AR15 platform according to the manufacturer's instructions.
- Clean the barrel extension area and ensure that it is free of debris.
- Align the Faxon .300 AAC Blackout Gunner Barrel with the upper receiver and insert the barrel extension into the receiver.
- Secure the barrel using the appropriate torque specifications as recommended by the manufacturer.
- Reinstall the gas block and gas tube, ensuring that they are properly aligned and secured.
- Finally, reassemble your firearm according to the manufacturer's instructions.

### 2. Usage:

- Before each shooting session, inspect the barrel and firearm for any signs of wear or damage.
- Load the firearm with .300 AAC Blackout ammunition only.
- When ready to fire, adopt a stable shooting position and ensure that your target is in sight.

- Maintain control of the firearm during firing, anticipating recoil.
- After firing, inspect the barrel for any signs of fouling or obstruction.
- Clean the barrel regularly to maintain optimal performance and safety.

## **Disposal Instructions**

- Dispose of any damaged or worn barrels according to local regulations.
- Do not dispose of firearms or firearm components in regular household waste.
- Contact local authorities or waste management facilities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding your Faxon .300 AAC Blackout Gunner Barrel, please refer to the manufacturer's contact information provided in the product packaging or visit the official website.

This guide is designed to ensure that you have a safe and enjoyable experience with your Faxon .300 AAC Blackout Gunner Barrel. Always prioritize safety and follow the guidelines provided. Thank you for your attention to these important safety measures.
