The Knight's Armament 6.5mm Creedmoor Precision Rifle Upper Receiver Kit was created to provide SR-25 owners with drop-on cutting edge long-range performance. Whether on duty or in competition, 6.5mm Creedmoor delivers significantly improved ballistic coefficient and muzzle velocity with reduced recoil, resulting in simplified solutions at mid-range and more consistent performance at long range. The 22" barrel strikes the perfect balance for across the board ammunition SD leveling and maneuverability. An 18" long URX6 handguard provides ample space for in-line Night Vision, targeting devices, and range-finders while protecting the precision barrel. The 7.62 QDC Open Brake provides excellent recoil reduction while serving as a mounting platform for KAC's line of 7.62 QDC suppressors. Barrel: 22" Dimpled Precision profile, 1:8 RH Twist Caliber: 6.5mm Creedmoor Weight: 6.9 lbs Length: 33" upper receiver only This a SR-25 pattern upper receiver, and will not fit DPMS pattern lower receivers.

SR25 Precision Rifle Complete Upper Receiver

Safety Instructions

Introduction

Thank you for choosing the SR25 Precision Rifle Complete Upper Receiver. This product is designed for optimal performance and safety. Please read and follow these safety instructions carefully to ensure safe usage and compliance with EU General Product Safety Regulations (GPSR).

General Safety Guidelines

- Ensure that all users are familiar with the operation and handling of firearms.
- Always treat the firearm as if it is loaded, even if you believe it is not.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm securely and out of reach of children and unauthorized users.
- Regularly inspect the upper receiver for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Use only compatible lower receivers with this upper receiver to avoid malfunctions.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when firing the rifle.
- Use only ammunition specified for this upper receiver (6.5mm Creedmoor).
- Do not exceed the manufacturer's recommended load specifications.
- Keep your fingers off the trigger until you are ready to shoot.
- Be aware of your surroundings and ensure a clear and safe shooting area.
- If a malfunction occurs, follow proper clearance procedures before attempting to fire again.
- Avoid using the rifle under adverse weather conditions that may affect performance.

Instructions for Installation and Usage

Installation

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing upper receiver from the lower receiver by pushing the takedown pins and separating the two components.
3. Align the SR25 upper receiver with the lower receiver.
4. Securely push the takedown pins back into place to lock the upper receiver onto the lower receiver.
5. Check that the upper receiver is firmly attached and does not wobble.

Usage

1. Load the rifle using 6.5mm Creedmoor ammunition, ensuring that the magazine is properly seated.
2. Before firing, ensure the safety is engaged until you are ready to shoot.
3. When ready to fire, disengage the safety and aim at your target.
4. Squeeze the trigger gently and steadily to fire.
5. After firing, keep the rifle pointed downrange and observe for any potential malfunctions.

Disposal Instructions

- Dispose of any used ammunition casings and packaging in accordance with local regulations.
- When disposing of the upper receiver or any firearm parts, ensure that they are rendered inoperable.
- Follow local laws regarding the disposal of firearms and firearm components.
