

# 25 AUTO UNPRIMED BRASS CASE - 25 AUTO BRASS 200/BOX

[Reloading](#) > [Brass](#) > [Pistol Brass](#)

At Hornady brass is the foundation for what could be the most memorable shot of your lifetime. Extra time and care is taken in the creation of their cases, producing smaller lots that meet strict quality standards. Hornady 25 Auto cases offer reloaders excellent uniformity in wall thickness, weight and internal capacity. They measure for consistently tight wall concentricity and even run their cases through a pressure calibration test to ensure uniform case expansion during firing. Their cases allow proper seating of the bullet, not only in the case, but in the chamber as well. High quality brass contributes to consistent charges and pressures.

## Attributes

- Name: [25 AUTO BRASS 200/BOX](#)
- Manufacturer: [HORNADY](#)
- Product no.: 100028488
- Mfr. No.: 87000

# Safety Instruction Guide for 25 AUTO UNPRIMED BRASS CASE

## Introduction

Thank you for choosing Hornady 25 Auto Unprimed Brass Cases. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this guide carefully before using the brass cases.

## General Safety Guidelines

- Ensure safe handling of all nonfood products, including brass cases.
- Be aware of potential hazards associated with the use of reloading components.
- Follow all local regulations regarding the use and storage of ammunition components.
- Check for any recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when reloading ammunition.
- Keep brass cases out of reach of children and vulnerable individuals.
- Do not use damaged or deformed brass cases; inspect each case before use.
- Store brass cases in a cool, dry place to prevent corrosion.
- Avoid exposure to extreme temperatures and humidity.
- Follow the manufacturer's recommendations for reloading data and procedures.

## Instructions for Installation and Usage

### 1. Preparation:

- Inspect each brass case for any signs of damage or defects.
- Clean the brass cases if necessary, using appropriate cleaning solutions and methods.

### 2. Reloading:

- Use a reliable reloading press and follow safe reloading practices.
- Ensure that the correct powder type and charge are used as per the reloading data.
- Properly seat the bullet in the brass case to ensure consistent performance.

### 3. Firing:

- Only fire ammunition that has been reloaded according to safe and established practices.
- Always use firearms that are appropriate for the 25 Auto cartridge.
- Follow all safety protocols when firing, including using a proper shooting stance and ensuring a clear firing range.

## Disposal Instructions

- Dispose of used brass cases in accordance with local regulations.
- Do not dispose of brass cases in regular household waste.
- Consider recycling options for spent brass.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the use of Hornady 25 Auto Unprimed Brass Cases, please refer to the official Hornady customer support channels.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your Hornady 25 Auto Unprimed Brass Cases. Always prioritize safety and stay informed about any product updates or recalls. Thank you for your attention to these important safety measures.
