

# SHOTGUN VIPER BORE SNAKE WITH DEN - HOPPE'S 12 GAUGE VIPER BORE SNAKE WITH DEN

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Snakes](#)

## Scrubs, Cleans and Lubricates in a Single Step

The Shotgun Viper Bore Snake is a braided nylon, pull-through cleaning cord that scrubs, cleans, and lubricates in a single step. The Shotgun Viper is just like the original Bore Snake, with 50% more scrubbing surface for those extra-tough cleaning jobs. Calibers: .410, .20-ga, .12-ga Simply apply bore cleaner to the front of the cord, oil to the end, drop the weighted end down the bore, and pull through. The cone-shaped, nylon bore guide on the lead end protects your gun's rifling. Extra, built-in bronze brushes and braided cord clean and oil the bore in a few passes. Washable and reusable with "den" case for storage.

# Safety Instruction Guide for Shotgun Viper Bore Snake with Den

## Introduction

Thank you for choosing the Shotgun Viper Bore Snake with Den Hoppes 12 Gauge. This product is designed for efficient cleaning of your shotgun while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Always use the Shotgun Viper Bore Snake in accordance with the manufacturer's instructions.
- Ensure that the firearm is unloaded before using the bore snake.
- Keep the bore snake and all cleaning materials out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not use the bore snake on a loaded firearm.
- Always wear protective eyewear when cleaning firearms.
- Inspect the bore snake for any signs of wear or damage before each use.
- Avoid using excessive cleaning solvent to prevent damage to the bore snake.
- Store the bore snake in its den case to protect it from dirt and damage.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is completely unloaded.
- Gather your cleaning supplies, including bore cleaner and oil.

### 2. Application of Cleaner

- Apply bore cleaner to the front of the bore snake cord.
- Apply oil to the weighted end of the bore snake.

### 3. Inserting the Bore Snake

- Drop the weighted end of the bore snake down the bore of the shotgun.
- Ensure that the coneshaped, nylon bore guide is properly positioned at the entrance of the bore.

### 4. Pulling Through

- Pull the bore snake through the barrel in a single, smooth motion.
- Repeat the process as necessary to achieve desired cleanliness.

### 5. Cleaning and Maintenance

- After use, wash the bore snake according to the manufacturer's instructions.
- Store the bore snake in the provided den case for protection and organization.

## **Disposal Instructions**

- Dispose of any cleaning solvents and materials in accordance with local regulations.
- If the bore snake is damaged beyond use, dispose of it in a manner that prevents environmental harm.

## **Contact Information for Further Support**

For any inquiries regarding the safety or usage of the Shotgun Viper Bore Snake, please refer to the manufacturer's contact details provided on the packaging or the official website.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy using your Shotgun Viper Bore Snake with Den Hoppes 12 Gauge.
