

CUSTOM GRADE STANDARD SEATING DIES - CUSTOM GRADE 25-06 REMINGTON BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Hornady's Custom Grade New Dimension dies are created from select steel that's heat-treated to ensure the durability needed for a lifetime of reloading. Hornady guarantees they'll never wear out or break under normal use. All dies include the popular double-flat Hornady die lock rings installed and a custom plastic box. Hornady dies are grouped in three series for pricing - die construction and quality is equal in each series. Custom Grade Seater dies include a sliding alignment sleeve which holds the bullet, case mouth, and seater stem in alignment before the bullet enters the case mouth. Seater dies include a built-in crimp ring which can be used or raised for no crimp. All dies come with the popular double-flat Hornady die lock rings installed and a custom plastic die box.

CUSTOM GRADE STANDARD SEATING DIES Safety Instruction Guide

Introduction

Thank you for choosing the CUSTOM GRADE 2506 REMINGTON BULLET SEATING DIE from Hornady. This product is designed for safe and efficient reloading of ammunition. Please read this safety instruction guide carefully to understand how to use the die safely and effectively.

General Safety Guidelines

- Always handle reloading equipment with care and follow all safety precautions.
- Ensure the workspace is clean, organized, and free from distractions.
- Keep all reloading components out of reach of children and unauthorized persons.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling materials.
- Familiarize yourself with the specific safety features of the die before use.
- Regularly inspect the die for any signs of wear or damage before each use.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The die is designed for use with specific cartridges. Ensure compatibility with the 2506 Remington cartridge.
 - Avoid using the die with damaged or defective components.
- **Avoiding Hazards:**
 - Do not exceed recommended load specifications.
 - Ensure that the die is properly secured before use to prevent accidents.
 - Keep fingers and hands clear of moving parts during operation.
- **Age Specific Warnings:**
 - This product is intended for use by individuals aged 18 and over. Ensure that minors are supervised if present during reloading activities.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the Custom Grade die.
- Secure the die in the press using the provided doubleflat Hornady die lock rings.
- Adjust the die to the desired depth for bullet seating.

2. Usage:

- Place an empty case in the shell holder of the reloading press.
- Insert a bullet into the alignment sleeve of the die.
- Slowly raise the press handle to seat the bullet into the case mouth.
- If needed, adjust the builtin crimp ring according to your preference for crimping.

3. PostUse:

- After reloading, remove the die from the press and clean it as per the manufacturer's recommendations.
- Store the die in the custom plastic box provided to prevent damage.

Disposal Instructions

- Dispose of any unused or defective reloading components in accordance with local regulations.
- Do not throw the die in regular household waste. Instead, check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any questions or concerns regarding the use of the CUSTOM GRADE 2506 REMINGTON BULLET SEATING DIE, please contact your local Hornady representative or authorized dealer. Ensure to keep the purchase receipt for warranty claims.

By following these guidelines and instructions, you can ensure a safe and effective reloading experience with your Hornady die. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention and happy reloading!
