

# CUSTOM GRADE STANDARD SEATING DIES - CUSTOM GRADE 26 NOSLER BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Hornady's Custom Grade New Dimension dies are created from select steel that's heat-treated to ensure the durability needed for a lifetime of reloading. Hornady guarantees they'll never wear out or break under normal use. All dies include the popular double-flat Hornady die lock rings installed and a custom plastic box. Hornady dies are grouped in three series for pricing - die construction and quality is equal in each series. Custom Grade Seater dies include a sliding alignment sleeve which holds the bullet, case mouth, and seater stem in alignment before the bullet enters the case mouth. Seater dies include a built-in crimp ring which can be used or raised for no crimp. All dies come with the popular double-flat Hornady die lock rings installed and a custom plastic die box.

# Safety Instruction Guide for CUSTOM GRADE STANDARD SEATING DIES

## Introduction

Thank you for choosing the Hornady Custom Grade Standard Seating Dies. This guide aims to provide you with essential safety instructions and usage guidelines to ensure a safe and effective reloading experience. Please read this document carefully before using the product.

## General Safety Guidelines

- Always handle reloading equipment with care.
- Ensure that you are in a wellventilated area when reloading.
- Keep all reloading components out of reach of children and pets.
- Wear appropriate safety gear, including safety glasses and gloves, while reloading.
- Familiarize yourself with the reloading process and equipment before starting.
- Never exceed recommended load data provided by reputable sources.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper use of the die can lead to misfires or dangerous pressure levels.
  - Reloading with contaminated or damaged components can result in malfunction.
- **Avoiding Hazards:**
  - Always inspect brass cases for cracks or defects before use.
  - Ensure the die is properly adjusted before seating bullets.
  - Use the builtin crimp ring only if necessary; avoid excessive crimping.
- **AgeSpecific Warnings:**
  - This product is intended for use by adults only. Keep away from children.

## Instructions for Installation and Usage

- **Installation:**
  1. Remove the die from its packaging.
  2. Ensure that the die lock ring is securely tightened.
  3. Install the die into your reloading press according to the manufacturer's instructions.
  4. Adjust the die for your specific cartridge (26 Nosler) as needed.
- **Usage:**
  1. Place a clean, inspected case into the shell holder of your reloading press.
  2. Insert a bullet into the case mouth.
  3. Use the sliding alignment sleeve to ensure proper alignment of the bullet and case mouth.
  4. Pull the press handle to seat the bullet to the desired depth.
  5. If crimping is required, adjust the crimp ring as necessary.

## Disposal Instructions

- Dispose of used or damaged components according to local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact local authorities for information on hazardous waste disposal.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please refer to the official Hornady website or your local dealer for support and assistance.

By following these guidelines, you can ensure a safer reloading experience with your Hornady Custom Grade Standard Seating Dies. Thank you for prioritizing safety in your reloading practices.
