

# **CUSTOM GRADE STANDARD SEATING DIES - CUSTOM GRADE 338 MAGNUM BULLET SEATING DIE**

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Hornady's Custom Grade New Dimension dies are created from select steel that's heat-treated to ensure the durability needed for a lifetime of reloading. Hornady guarantees they'll never wear out or break under normal use. All dies include the popular double-flat Hornady die lock rings installed and a custom plastic box. Hornady dies are grouped in three series for pricing - die construction and quality is equal in each series. Custom Grade Seater dies include a sliding alignment sleeve which holds the bullet, case mouth, and seater stem in alignment before the bullet enters the case mouth. Seater dies include a built-in crimp ring which can be used or raised for no crimp. All dies come with the popular double-flat Hornady die lock rings installed and a custom plastic die box.

## SAFETY INSTRUCTION GUIDE

### Introduction

Thank you for choosing the Hornady Custom Grade 338 Magnum Bullet Seating Die. This guide provides essential safety instructions and information to ensure the safe and effective use of your reloading die. Please read this document carefully before use.

### General Safety Guidelines

- Always prioritize safety when handling reloading equipment and components.
- Ensure that you understand the reloading process thoroughly before beginning.
- Keep all reloading supplies out of reach of children and pets.
- Use the die only for its intended purpose as specified in the product description.
- Regularly inspect your equipment for signs of wear or damage.
- Follow all local laws and regulations regarding reloading and ammunition.

### Specific Safety Precautions for Use

- Wear appropriate safety gear, including safety glasses and gloves, while reloading.
- Ensure that your workspace is clean, organized, and free from distractions.
- Do not exceed the recommended load data for the 338 Winchester Magnum cartridge.
- Always doublecheck measurements and settings before reloading.
- Avoid using damaged or worn components, including cases and bullets.
- If you notice any unusual behavior or performance from the die, stop using it immediately and consult a professional.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Remove any previous dies from the press and clean the threads.
- Screw the Hornady Custom Grade Bullet Seating Die into the press until it is snug.
- Install the doubleflat Hornady die lock ring to secure the die in place.

#### 2. Usage:

- Prepare your cases by cleaning and inspecting them for damage.
- Adjust the die for bullet seating depth as per your specifications.
- Insert a case into the shell holder of the press.
- Place a bullet into the seating die and lower the ram to seat the bullet into the case.
- Check the seating depth with a caliper to ensure it meets your requirements.
- If necessary, make adjustments to the die for proper seating depth.
- After seating, inspect each round for consistency and quality.

### Disposal Instructions

- Dispose of any unused or outdated reloading components in accordance with local regulations.
- Do not dispose of hazardous materials in regular trash. Check with local authorities for proper disposal methods.
- Recycle packaging materials where possible.

## **Contact Information for Further Support**

For any safety inquiries, product support, or to report unsafe products, please contact your local Hornady representative or visit the Hornady website for more information.

Thank you for prioritizing safety in your reloading activities. Enjoy your reloading experience with Hornady's Custom Grade 338 Magnum Bullet Seating Die.
