

# **CUSTOM GRADE STANDARD SEATING DIES - CUSTOM GRADE 357 H&H MAGNUM BULLET SEATING DIE**

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Hornady's Custom Grade New Dimension dies are created from select steel that's heat-treated to ensure the durability needed for a lifetime of reloading. Hornady guarantees they'll never wear out or break under normal use. All dies include the popular double-flat Hornady die lock rings installed and a custom plastic box. Hornady dies are grouped in three series for pricing - die construction and quality is equal in each series. Custom Grade Seater dies include a sliding alignment sleeve which holds the bullet, case mouth, and seater stem in alignment before the bullet enters the case mouth. Seater dies include a built-in crimp ring which can be used or raised for no crimp. All dies come with the popular double-flat Hornady die lock rings installed and a custom plastic die box.

# CUSTOM GRADE STANDARD SEATING DIES Safety Instruction Guide

## Introduction

Thank you for choosing the CUSTOM GRADE STANDARD SEATING DIES CUSTOM GRADE 357 H&H MAGNUM BULLET SEATING DIE by Hornady. This guide provides essential safety instructions to ensure the safe use of this product. Please read and follow these instructions carefully to avoid any risks associated with reloading ammunition.

## General Safety Guidelines

- Ensure that you are familiar with the laws and regulations regarding ammunition reloading in your area.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment and materials.
- Keep the reloading area clean and organized to prevent accidents.
- Store all reloading components, including dies, in a secure location out of reach of children and unauthorized persons.
- Regularly inspect your reloading equipment for signs of wear or damage before each use.
- Be aware of the potential hazards associated with reloading, including the risk of explosion and chemical exposure.

## Specific Safety Precautions for Use

- Use the CUSTOM GRADE STANDARD SEATING DIES only for the intended purpose of seating bullets for the 357 H&H Magnum cartridge.
- Avoid using excessive force when operating the die to prevent damage and ensure safe operation.
- Always ensure that the bullet, case mouth, and seater stem are properly aligned before seating the bullet.
- Do not exceed the recommended load data provided by reputable sources when reloading ammunition.
- If you experience any difficulty during the reloading process, stop and assess the situation before proceeding.
- Keep your hands and face away from the die during operation to avoid injury.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the CUSTOM GRADE STANDARD SEATING DIES, reloading press, cases, bullets, and powder.
- Ensure that your workspace is clean and free of obstructions.

### 2. Installation:

- Secure the die into the reloading press according to the manufacturer's instructions.
- Ensure that the doubleflat Hornady die lock rings are properly tightened to maintain die alignment.

### 3. Usage:

- Insert a clean, resized case into the reloading press.
- Place a bullet into the die's alignment sleeve.
- Slowly lower the press handle to seat the bullet into the case mouth, ensuring proper alignment.
- After seating, check the overall cartridge length and adjust if necessary.

- If crimping is required, follow the instructions for raising or using the builtin crimp ring.

#### **4. PostUse:**

- After completing your reloading session, clean the die and store it in the custom plastic die box provided.
- Regularly check the die for any signs of wear or damage.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not dispose of ammunition or reloading materials in regular trash. Contact local authorities for proper disposal methods.

## **Contact Information for Further Support**

For safety inquiries or further assistance, please refer to your local Hornady distributor or authorized retailer. Always ensure that you have access to the latest safety information and product updates.

By following these safety guidelines and instructions, you can ensure a safer reloading experience with the CUSTOM GRADE STANDARD SEATING DIES. Thank you for prioritizing safety in your reloading practices.
