

CUSTOM GRADE STANDARD SEATING DIES - CUSTOM GRADE 458 SOCOM BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Hornady's Custom Grade New Dimension dies are created from select steel that's heat-treated to ensure the durability needed for a lifetime of reloading. Hornady guarantees they'll never wear out or break under normal use. All dies include the popular double-flat Hornady die lock rings installed and a custom plastic box. Hornady dies are grouped in three series for pricing - die construction and quality is equal in each series. Custom Grade Seater dies include a sliding alignment sleeve which holds the bullet, case mouth, and seater stem in alignment before the bullet enters the case mouth. Seater dies include a built-in crimp ring which can be used or raised for no crimp. All dies come with the popular double-flat Hornady die lock rings installed and a custom plastic die box.

CUSTOM GRADE STANDARD SEATING DIES

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the CUSTOM GRADE STANDARD SEATING DIES, specifically the CUSTOM GRADE 458 SOCOM BULLET SEATING DIE by Hornady. This guide provides important safety information and instructions to ensure safe and effective use of this product. Please read this document carefully before using the product.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the die by following all instructions. This product is designed for reloading ammunition and should be used in accordance with all relevant safety practices.
- **Enhanced Recalls:** Stay informed about product recalls. If you receive any recall notices, follow the instructions provided for safe return or remedy.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety regulations and provides the necessary product information.
- **Special Consumer Focus:** This product is not intended for use by children. Keep all reloading equipment out of reach of children and vulnerable individuals.
- **EU Contact Point:** For safety inquiries, please refer to the manufacturer's contact information provided with your product.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on unsafe products or recalls.

Specific Safety Precautions for Use

- **Read the Manual:** Always read and understand the manual before using the die.
- **Wear Safety Gear:** Use appropriate safety gear, including safety glasses and gloves, to protect against potential hazards.
- **Work in a Safe Environment:** Ensure your workspace is wellventilated, organized, and free from distractions.
- **Inspect the Equipment:** Before use, inspect the die and all associated equipment for any signs of damage or wear.
- **Follow Manufacturer Instructions:** Adhere strictly to the manufacturer's guidelines for installation, usage, and maintenance.
- **Avoid Overloading:** Do not exceed the recommended load specifications when using the die.
- **Keep Away from Children:** Ensure that children are not present during the reloading process.

Instructions for Installation and Usage

1. **Unboxing:** Carefully remove the die from its packaging. Ensure all components are included and undamaged.
2. **Installation:**
 - Secure the die into your reloading press according to the manufacturer's instructions.
 - Ensure the doubleflat Hornady die lock rings are properly installed and tightened.
3. **Setup:**
 - Adjust the seating depth as per your specific reloading requirements.
 - Ensure the sliding alignment sleeve is correctly positioned to hold the bullet and case mouth in alignment.
4. **Using the Die:**
 - Insert the empty case into the die.
 - Place the bullet on the case mouth and ensure it is properly aligned.
 - Operate the press to seat the bullet into the case.
 - If desired, adjust the builtin crimp ring for crimping or no crimp.

5. **PostUse:**

- After use, clean the die and store it in the provided plastic die box to prevent damage.
- Check for any signs of wear or damage after each use.

Disposal Instructions

- **Disposal of Unused Components:** Follow local regulations for the disposal of unused or damaged components.
- **Recycling:** If possible, recycle packaging materials and components made of recyclable materials.
- **Hazardous Waste:** Dispose of any hazardous materials in accordance with local environmental regulations.

Contact Information for Further Support

For any questions or concerns regarding the CUSTOM GRADE STANDARD SEATING DIES, please refer to the contact information provided with your product packaging. It is important to reach out for assistance if you encounter any issues or need clarification on safe use practices.

By adhering to these safety instructions, you can ensure a safe and enjoyable reloading experience with your CUSTOM GRADE STANDARD SEATING DIES. Thank you for prioritizing safety in your reloading activities.
