

# **CUSTOM GRADE STANDARD SEATING DIES - CUSTOM GRADE 6.5MM CREEDMOOR BULLET SEATING DIE**

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Hornady's Custom Grade New Dimension dies are created from select steel that's heat-treated to ensure the durability needed for a lifetime of reloading. Hornady guarantees they'll never wear out or break under normal use. All dies include the popular double-flat Hornady die lock rings installed and a custom plastic box. Hornady dies are grouped in three series for pricing - die construction and quality is equal in each series. Custom Grade Seater dies include a sliding alignment sleeve which holds the bullet, case mouth, and seater stem in alignment before the bullet enters the case mouth. Seater dies include a built-in crimp ring which can be used or raised for no crimp. All dies come with the popular double-flat Hornady die lock rings installed and a custom plastic die box.

# CUSTOM GRADE STANDARD SEATING DIES SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the CUSTOM GRADE 6.5MM CREEDMOOR BULLET SEATING DIE from Hornady. This product is designed for precision reloading and is constructed to ensure durability and reliability. To ensure your safety and the optimal performance of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the working environment is clean and free from obstructions.
- Keep this product out of reach of children and individuals who are not trained in its use.
- Inspect the product before each use for any signs of wear or damage.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use only the recommended cartridges with this die to prevent malfunctions or accidents.
- Do not exceed the maximum load limits specified in your reloading manual.
- Always wear appropriate safety gear, including eye protection and gloves, when using this product.
- Ensure that you are familiar with the reloading process before using this die.
- Avoid distractions and maintain focus while operating this product.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Remove the existing die from the press if applicable.
- Carefully screw the CUSTOM GRADE 6.5MM CREEDMOOR BULLET SEATING DIE into the press until it is snug.
- Adjust the die to the desired seating depth as per your reloading specifications.

### 2. Usage:

- Prepare your cases according to standard reloading practices.
- Insert a bullet into the seating die alignment sleeve.
- Place a prepared case into the die.
- Slowly pull the press handle to seat the bullet into the case.
- Check the bullet seating depth after each operation to ensure consistency.
- If crimping is desired, adjust the builtin crimp ring accordingly.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of this product in general waste. Check for proper recycling options for metal and plastic materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the CUSTOM GRADE 6.5MM CREEDMOOR BULLET SEATING DIE, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your CUSTOM GRADE 6.5MM CREEDMOOR BULLET SEATING DIE. Thank you for your attention to these important safety guidelines.
