

CUSTOM GRADE RIFLE NECK SIZING DIES - 30 CALIBER SHORT (0.308") NECK DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Neck sizing with the Hornady Custom Grade Neck Sizing Die can eliminate problems of excessive head space, and align the bullet perfectly with the bore, resulting in better accuracy and longer case life. Should only be used for bolt-action rifle cases. Auto-loading, lever and pump action rifles usually require full-length resizing.

CUSTOM GRADE RIFLE NECK SIZING DIES 30 CALIBER SHORT (0.308") NECK DIE Safety Instructions

Introduction

Thank you for choosing the CUSTOM GRADE RIFLE NECK SIZING DIES 30 CALIBER SHORT (0.308") NECK DIE by Hornady. This product is designed for precision neck sizing of boltaction rifle cases, enhancing accuracy and prolonging case life. Please read this safety instruction guide carefully to ensure safe and effective use of this product.

General Safety Guidelines

- Ensure safe use of this product by following all instructions.
- This product is intended for use with boltaction rifle cases only. Do not use with autoloading, lever, or pump action rifles.
- Always wear appropriate safety gear, including eye protection, when using this product.
- Keep out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of damage or wear. Do not use if damaged.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use only in a wellventilated area to avoid inhalation of any fumes or particles.
- Ensure that the rifle and ammunition are in a safe condition before beginning any reloading process.
- Do not exceed the recommended load data for the specific cartridge being used.
- Handle all reloading components with care to prevent accidental ignition or malfunction.
- Store the die in a dry and secure place when not in use.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is clean and free from any debris.
- Carefully screw the neck sizing die into the reloading press until it is securely in place.
- Adjust the die according to the manufacturer's specifications for optimal performance.

2. Usage:

- Inspect your brass cases for any signs of damage before sizing.
- Lubricate the cases as recommended to prevent sticking in the die.
- Insert the brass case into the die and operate the reloading press to size the neck.
- After sizing, remove the case and inspect it for proper sizing and any signs of damage.
- Repeat the process for all cases to be reloaded.

Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of in regular household waste. Contact local waste management authorities for proper disposal methods.
- Ensure that all materials are disposed of in a manner that prevents environmental contamination.

Contact Information for Further Support

For any inquiries regarding product safety or usage, please refer to the manufacturer's contact guidelines. It is important to have access to support for any questions or concerns you may have.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective reloading experience with your CUSTOM GRADE RIFLE NECK SIZING DIES 30 CALIBER SHORT (0.308") NECK DIE.
