

CUSTOM GRADE RIFLE NECK SIZING DIES - 338 CALIBER MAGNUM (0.338") NECK DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Neck sizing with the Hornady Custom Grade Neck Sizing Die can eliminate problems of excessive head space, and align the bullet perfectly with the bore, resulting in better accuracy and longer case life. Should only be used for bolt-action rifle cases. Auto-loading, lever and pump action rifles usually require full-length resizing.

CUSTOM GRADE RIFLE NECK SIZING DIES 338 CALIBER MAGNUM (0.338") NECK DIE Safety Instruction Guide

Introduction

Thank you for purchasing the Hornady Custom Grade Rifle Neck Sizing Die for .338 Caliber Magnum. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before use to understand the necessary precautions and proper handling procedures.

General Safety Guidelines

- Ensure that you are familiar with the operation of your rifle and reloading equipment before using this product.
- Always wear appropriate safety gear, including eye protection and hearing protection, when reloading ammunition.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect your equipment for any signs of wear or damage.
- Follow all local regulations regarding the use and storage of reloading equipment and ammunition.

Specific Safety Precautions for Use

- The Neck Sizing Die is designed specifically for boltaction rifle cases. Do not use it for autoloading, lever, or pumpaction rifles.
- Ensure that the die is clean and free from debris before use to prevent damage to your cases or the die itself.
- Avoid excessive force when sizing cases. If resistance is felt, stop and check for any obstructions.
- Only resize cases that have been fired in the same chamber to prevent safety issues and ensure proper fit.
- Do not exceed the recommended load specifications for your ammunition to avoid dangerous overpressure situations.

Instructions for Installation and Usage

1. Installation of the Neck Sizing Die:

- Ensure your reloading press is securely mounted and stable.
- Insert the Neck Sizing Die into the press according to the manufacturer's instructions.
- Adjust the die to the desired height, ensuring it is securely tightened.

2. Using the Neck Sizing Die:

- Clean the brass cases before resizing to remove any dirt or debris.
- Insert the case into the die and apply a smooth, steady pressure to resize the neck.
- Inspect the resized case for any signs of damage or improper sizing.
- Repeat the process for each case as needed.

3. PostUsage Care:

- Clean the die after use to maintain its performance and longevity.
- Store the die in a safe and dry location when not in use.

Disposal Instructions

- Dispose of any damaged or unusable reloading components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

- For any safety inquiries or support regarding this product, please refer to the manufacturer's official website or customer service.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the Hornady Custom Grade Rifle Neck Sizing Die. Always prioritize safety and stay informed about best practices in reloading. Thank you for choosing our product, and happy reloading!
