

CUSTOM GRADE RIFLE NECK SIZING DIES - 6MM SHORT (0.243") NECK DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Neck sizing with the Hornady Custom Grade Neck Sizing Die can eliminate problems of excessive head space, and align the bullet perfectly with the bore, resulting in better accuracy and longer case life. Should only be used for bolt-action rifle cases. Auto-loading, lever and pump action rifles usually require full-length resizing.

CUSTOM GRADE RIFLE NECK SIZING DIES 6MM SHORT (0.243") NECK DIE Safety Instruction Guide

Introduction

Thank you for choosing the CUSTOM GRADE RIFLE NECK SIZING DIES 6MM SHORT (0.243") NECK DIE by Hornady. This product is designed for neck sizing of boltaction rifle cases, providing improved alignment and accuracy. Please read this safety instruction guide carefully to ensure safe and effective use of the neck die.

General Safety Guidelines

- Ensure that the neck die is used only for boltaction rifle cases. It is not suitable for autoloading, lever, or pumpaction rifles.
- Always handle the neck die and related equipment with care to prevent injury.
- Keep the neck die and all reloading components out of reach of children and vulnerable individuals.
- Regularly inspect the neck die for signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearms and ammunition reloading.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the neck die.
- Ensure that your workspace is clean, organized, and welllit to avoid accidents.
- Do not exceed the manufacturer's recommended specifications for neck sizing.
- Use only compatible cases with the neck die to prevent malfunction or damage.
- Avoid using the neck die if you are fatigued or under the influence of substances that may impair your judgment.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary equipment, including the neck die, reloading press, and cases to be resized.
- Ensure that the reloading press is securely mounted and stable.

2. Installation of Neck Die:

- Remove the neck die from its packaging.
- Insert the neck die into the reloading press according to the manufacturer's instructions.
- Tighten the die securely to prevent movement during use.

3. Resizing Process:

- Lubricate the case necks as per the manufacturer's recommendations to prevent sticking.
- Place the case into the shell holder of the reloading press.
- Raise the ram of the press to bring the case into contact with the neck die.
- Lower the ram to complete the resizing process.
- Inspect the resized case for proper dimensions and any signs of damage.

4. PostUsage Care:

- Clean the neck die after each use to remove any residue or debris.

- Store the neck die in a dry, secure location when not in use.

Disposal Instructions

- Dispose of any damaged or wornout neck dies according to local regulations.
- Do not dispose of reloading components in regular household waste.
- Check with local authorities for proper disposal methods for firearmsrelated products.

Contact Information for Further Support

For any inquiries regarding the safety and use of the CUSTOM GRADE RIFLE NECK SIZING DIES 6MM SHORT (0.243") NECK DIE, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety guidelines and instructions, you can enjoy the benefits of your CUSTOM GRADE RIFLE NECK SIZING DIES while ensuring a safe reloading experience. Always prioritize safety and remain informed about best practices in firearms handling and reloading.
