

CUSTOM GRADE RIFLE NECK SIZING DIES - 7MM (0.284") NECK DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Neck sizing with the Hornady Custom Grade Neck Sizing Die can eliminate problems of excessive head space, and align the bullet perfectly with the bore, resulting in better accuracy and longer case life. Should only be used for bolt-action rifle cases. Auto-loading, lever and pump action rifles usually require full-length resizing.

CUSTOM GRADE RIFLE NECK SIZING DIES 7MM (0.284") NECK DIE Safety Instruction Guide

Introduction

Thank you for choosing the CUSTOM GRADE RIFLE NECK SIZING DIES 7MM (0.284") NECK DIE by Hornady. This product is designed to enhance your reloading experience by ensuring precise neck sizing for boltaction rifle cases. Proper use of this die can improve accuracy and extend the life of your cases. Please read this safety instruction guide carefully to ensure safe and effective usage.

General Safety Guidelines

- Always follow the manufacturer's instructions when using reloading equipment.
- Ensure that the workspace is clean, welllit, and free from distractions.
- Store all reloading equipment, including dies, in a secure location out of reach of children and pets.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling materials.
- Keep all components of the reloading process organized to prevent confusion and accidents.
- Be aware of the specific requirements for boltaction rifle cases, as this die is not suitable for autoloading, lever, or pump action rifles.

Specific Safety Precautions for Use

• Potential Hazards:

- Improper use of the die can lead to excessive headspace, which may cause malfunction or damage to your firearm.
- Always ensure that your rifle is unloaded before performing any reloading tasks.
- Be cautious of sharp edges on the die and associated tools.

• Avoiding Hazards:

- Always doublecheck that the die is properly set up before use.
- Do not exceed the recommended specifications for neck sizing.
- If you experience any malfunctions or issues, stop using the die immediately and consult a qualified gunsmith or reloading expert.

• AgeSpecific Warnings:

- This product should only be used by individuals who are at least 18 years old and have received proper training in firearms and reloading safety.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted on a stable surface.
- Insert the neck sizing die into the press according to the manufacturer's instructions.
- Adjust the die to the desired height, ensuring it is properly aligned with the shell holder.

2. Usage:

- Start with clean, empty cases that are suitable for neck sizing.

- Place the case in the shell holder and raise the ram to engage the die.
- Apply consistent pressure until the neck is sized appropriately.
- Lower the ram to remove the case and inspect it for proper sizing.

3. PostUsage:

- Clean the die after each use to prevent contamination and maintain performance.
- Store the die in a protective case or designated area to avoid damage.

Disposal Instructions

- Dispose of any materials used during the reloading process, such as spent primers and powder, in accordance with local regulations.
- Do not dispose of used dies in regular household waste. Check with local authorities for proper disposal methods for metal and nonmetal components.

Contact Information for Further Support

For any questions or concerns regarding the CUSTOM GRADE RIFLE NECK SIZING DIES 7MM (0.284") NECK DIE, please refer to the manufacturer's website or contact their customer support for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your CUSTOM GRADE RIFLE NECK SIZING DIES 7MM (0.284") NECK DIE. Always prioritize safety and adhere to best practices for reloading. Thank you for choosing Hornady.
