

CUSTOM GRADE RIFLE NECK SIZING DIES - 7MM SHORT (0.284") NECK DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Neck sizing with the Hornady Custom Grade Neck Sizing Die can eliminate problems of excessive head space, and align the bullet perfectly with the bore, resulting in better accuracy and longer case life. Should only be used for bolt-action rifle cases. Auto-loading, lever and pump action rifles usually require full-length resizing.

Safety Instruction Guide for CUSTOM GRADE RIFLE NECK SIZING DIES 7MM SHORT (0.284") NECK DIE

Introduction

Thank you for choosing the CUSTOM GRADE RIFLE NECK SIZING DIES 7MM SHORT (0.284") NECK DIE by Hornady. This guide aims to ensure your safe use of the product while maximizing its performance. Please read this guide thoroughly before use.

General Safety Guidelines

- Always handle the die with care to avoid injury.
- Ensure that the die is used in a wellventilated area.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Use personal protective equipment, such as safety glasses and gloves, when reloading ammunition.
- Be aware of your surroundings and ensure that you are in a safe environment before using the die.
- Regularly check the die for wear and damage. Do not use a damaged die.

Specific Safety Precautions for Use

- This neck die is designed exclusively for boltaction rifle cases. Do not use it with autoloading, lever, or pump action rifles.
- Ensure that the die is properly adjusted before use to avoid excessive neck sizing.
- Always follow the manufacturer's instructions for reloading ammunition.
- Never exceed the recommended load data provided by the bullet and powder manufacturers.
- Store the die in a dry, cool place to prevent rust and damage.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Remove the die from its packaging and inspect for any damage.
- Insert the neck sizing die into the reloading press and tighten securely.
- Adjust the die according to the manufacturer's guidelines to achieve the desired neck sizing.

2. Usage:

- Begin by preparing your brass cases as per standard reloading procedures.
- Place the brass case in the shell holder of the reloading press.
- Operate the press to bring the case into contact with the neck sizing die.
- Apply steady pressure until the sizing operation is complete.
- Remove the sized case and inspect it for proper neck tension and fit.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the die in general waste. Check with local authorities for proper disposal methods for metal components.
- Ensure that all packaging materials are recycled or disposed of responsibly.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the CUSTOM GRADE RIFLE NECK SIZING DIES 7MM SHORT (0.284") NECK DIE, please consult the manufacturer or your local dealer.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience. Always prioritize safety and consult this guide whenever you use the CUSTOM GRADE RIFLE NECK SIZING DIES 7MM SHORT (0.284") NECK DIE. Thank you for your attention to safety!
