SLIDE PARTS KIT FOR GLOCK® 9MM POLYMER80

SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the SLIDE PARTS KIT FOR GLOCK® 9MM POLYMER80. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read all instructions carefully before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow local laws and regulations regarding firearm components.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage.
- In case of any doubts or questions regarding safety, consult a qualified professional.

Specific Safety Precautions for Use

- **Handling:** Always handle the slide parts kit in a safe environment. Ensure that the firearm is unloaded before performing any assembly or maintenance.
- **Installation:** Follow the installation instructions precisely to avoid improper assembly that could lead to malfunctions.
- **Testing:** After installation, conduct a thorough function check before using the firearm.
- **Storage:** Store the slide parts kit in a cool, dry place, away from direct sunlight and moisture.
- **Maintenance:** Regularly clean and maintain the slide parts to ensure optimal performance and safety.

Instructions for Installation and Usage

1. **Preparation:** Gather all necessary tools and ensure you are working in a clean, welllit area.
2. **Disassemble the Slide:** Carefully disassemble your Glock® slide according to the manufacturer's instructions.
3. **Install the Firing Pin/Striker:**
 - Insert the PFSeries™ 174 PH Stainless Steel Firing Pin/Striker into the slide.
4. **Install the Extractor:**
 - Place the 9mm Extractor into its designated position.
5. **Install the Extractor Depressor:**
 - Secure the Extractor Depressor in place.
6. **Install the Striker Safety:**
 - Insert the Striker Safety into the slide assembly.
7. **Install the Cover Plate:**
 - Attach the PFSeries™ 6061T6 Aluminum Cover Plate.
8. **Install Springs:**
 - Install the PFSeries™ Stainless Steel 5.5lb Striker Spring, Extractor Depressor Plunger Spring, and Striker Safety Spring.
9. **Final Assembly:**
 - Ensure that all components are properly seated and secured before reassembling the slide onto the frame of the firearm.
10. **Function Check:** Once assembled, perform a function check to ensure that all parts are operating correctly.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the slide parts kit reaches the end of its useful life, dispose of it responsibly. Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the SLIDE PARTS KIT FOR GLOCK® 9MM POLYMER80, please refer to the manufacturer's website or authorized distributors for support.

By following this guide, you can ensure the safe and effective use of your SLIDE PARTS KIT FOR GLOCK® 9MM POLYMER80. Always prioritize safety and compliance with local laws. Thank you for your attention and commitment to responsible firearm ownership.
