

HUD HEADS UP DISPLAY FOR 5 SERIES BALLISTICS METERS - HUD FOR 5-SERIES BALLISTIC METERS

[Shooting Accessories](#) > [Windmeters & Flags](#) > [Windmeters](#)

A Convenient Display That Shows Your Shooting Solutions

HUD HEADS UP DISPLAY FOR 5 SERIES BALLISTICS METERS Having a Kestrel weather meter and the company's comprehensive ballistics calculator is great for getting rounds on target, but if you're on the clock, it can eat up valuable time getting the measurements you need before mounting your gun. With the Kestrel HUD 5 Series Ballistics Heads Up Display, shooters can have a large, easily seen display mounted on their rifle that shows them the shooting solution they need. One of the great parts about the Kestrel HUD 5 Series Ballistics Heads Up Display is that it can store shooting solution for up to 10 different targets on a single display, so you can have all the information you need for a single stage pre-loaded onto your screen, allowing you to run through a course with ease. You don't need those markers or masking tape anymore! Spotters can also send updated shooting solutions wirelessly through the display, allowing shots to be reconfigured and updated in real time. Includes remote.

Safety Instruction Guide for Kestrel HUD Heads Up Display for 5 Series Ballistics Meters

Introduction

Thank you for choosing the Kestrel HUD Heads Up Display for 5 Series Ballistics Meters. This guide provides essential safety instructions and usage guidelines to ensure safe operation and maintenance of the product. Please read this manual carefully before using the device.

General Safety Guidelines

- Ensure safe use of the Kestrel HUD by following these guidelines:
 - Always use the product in accordance with the instructions provided in this manual.
 - Keep the device out of reach of children and vulnerable individuals.
 - Regularly inspect the device for any signs of damage or wear.
 - Do not use the device if it is damaged or malfunctioning.
 - Store the device in a dry and safe place when not in use.
 - Follow local regulations regarding the use of electronic devices in outdoor environments.

Specific Safety Precautions for Use

- To maximize safety while using the Kestrel HUD, adhere to the following precautions:
 - Avoid exposure to extreme temperatures, moisture, and direct sunlight.
 - Do not disassemble or modify the device, as this may lead to malfunctions or safety hazards.
 - Ensure that the device is securely mounted on the rifle to prevent it from falling during use.
 - Use the remote control as instructed to avoid distractions while aiming.
 - Be cautious when receiving wireless updates; ensure that the device is not in use while updating.
 - Familiarize yourself with the shooting environment and potential hazards before use.

Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the Kestrel HUD:

1. Installation:

- Mount the Kestrel HUD securely on your rifle using the provided mounting hardware.
- Ensure that the display is positioned for optimal visibility while aiming.
- Connect the Kestrel weather meter to the HUD following the manufacturer's instructions.

2. Usage:

- Turn on the Kestrel HUD by pressing the power button.
- Access the shooting solution for your target by selecting the preloaded information on the display.
- If needed, receive updated shooting solutions wirelessly from spotters.
- Monitor the display for any changes in shooting solutions during your course.

Disposal Instructions

- Proper disposal of the Kestrel HUD is important for environmental safety:
 - Do not dispose of the device with regular household waste.
 - Follow local regulations for electronic waste disposal.
 - If applicable, return the device to the manufacturer or designated recycling center.

Contact Information for Further Support

- For any safety inquiries or support regarding the Kestrel HUD Heads Up Display, please refer to the contact information provided by the manufacturer. Ensure you have the product details ready for a more efficient response.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with the Kestrel HUD Heads Up Display for 5 Series Ballistics Meters. Always prioritize safety and stay informed about any updates or recalls related to your product. Thank you for your attention to these important guidelines.
