

AR-15 CARBINE SPRING ACTION - CMMG AR-15 CARBINE SPRING ACTION

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

An Action Spring Designed for Carbine-Length AR-15s

When combined with a carbine-style buffer, this carbine-style spring is perfect for installation into a traditional, carbine-length receiver extension for your AR-15 build. The weight and resistance of this spring-and-buffer combination provides the balance needed to ensure reliable operation with any carbine-length gas system.

Safety Instruction Guide for AR15 Carbine Spring Action

Introduction

Thank you for choosing the AR15 Carbine Spring Action by CMMG. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of the product. Please read this document carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure the product is used in accordance with all applicable laws and regulations.
- Always wear appropriate safety gear, including eye protection, when handling firearms and related components.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for wear or damage before use.
- Store the product in a secure location when not in use.

Specific Safety Precautions for Use

- Do not exceed the recommended weight limits for the spring and buffer combination to avoid malfunctions.
- Ensure that the receiver extension is compatible with the carbinestyle spring before installation.
- Avoid using the product with any modifications that could compromise its integrity or safety.
- Always follow the manufacturer's guidelines for installation and usage to ensure optimal performance.
- If you experience any unusual sounds or malfunctions during operation, cease use immediately and consult a qualified professional.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools for installation, including a carbinestyle buffer and a compatible receiver extension.
- Ensure that you are working in a clean, dry, and welllit area.

2. Installation Steps

- Remove the existing buffer and spring from the receiver extension.
- Carefully insert the new carbinestyle spring into the receiver extension.
- Install the carbinestyle buffer into the receiver extension, ensuring it is seated properly.
- Doublecheck that all components are securely in place before proceeding.

3. Usage Guidelines

- When operating your AR15, ensure that the firearm is pointed in a safe direction at all times.
- Regularly check the functionality of the spring and buffer combination during use.
- Clean and maintain the spring and buffer according to the manufacturer's recommendations.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding firearm components and materials.
- If the product is damaged or no longer functional, do not attempt to repair it. Instead, dispose of it

responsibly.

- Consider recycling materials where possible, following local guidelines for recycling metal and plastic components.

Contact Information for Further Support

For additional support, safety inquiries, or to report unsafe products, please contact your local authorities or the appropriate EU contact point for consumer safety.

Conclusion

By adhering to these safety instructions, you can ensure a safe and effective experience with your AR15 Carbine Spring Action. Remember to always prioritize safety and compliance with local laws when handling firearms and related components. Thank you for your attention to these important guidelines.
