

# AR-15 300 BLK PMAG 30 GEN M3 MAGAZINE - MAGPUL PMAG AR 300 GEN M3 300BLK 30RD FOR AR15 BLACK 10/PACK

[Magazines](#) > [Rifle Magazines](#) > [Magazines](#)

The PMAG 30 AR 300 B GEN M3 is a purpose-designed magazine for rifles chambered in .300 Blackout. Since its inception, .300 Blackout shooters have had to use a magazine designed for another cartridge, limiting its performance and compatibility. One of the nice features of .300 Blackout is the compatibility with 5.56x45mm parts, but with the magazine it is a compromise to do so. Due to the wide variety of projectile weights and shapes potentially decreasing overall reliability, a dedicated .300 Blackout magazine was a logical step for the PMAG line. In addition to the performance gained by a dedicated mag, the PMAG 30 AR 300 B also offers a safer way to feed your .300 BLK rifle. When using 5.56 mags, the potential to chamber and fire a .300 BLK round in a 5.56 rifle with catastrophic results requires diligent ammunition management by the shooter. The PMAG 30 AR 300 B's distinct rib design provides the shooter a distinct visual and tactile difference from any other PMAG to mitigate dangerous cross-loading issues. Along with optimized .300 BLK performance, the PMAG 30 AR 300 B brings along all of the GEN M3 features such as our next-generation impact and crush resistant polymer, aggressive front and rear texture, an easily removable slim floor plate, a paint pen dot matrix for marking and identification, and a dust/impact cover. Dedicated, purpose-designed magazine for rifles chambered in .300 Blackout. Optimized internal geometry accommodates the wide variety of bullet profiles used in .300 Blackout cartridges. Distinct rib design provides the shooter a visual & tactile difference from any other PMAGs to mitigate dangerous cross-loading. Carries forward the physical & performance features of the rest of the Gen M3 line.

# PMAG 30 AR 300 B GEN M3 Magazine Safety Instruction Guide

## Introduction

Thank you for choosing the PMAG 30 AR 300 B GEN M3 Magazine by Magpul. This guide provides important safety instructions and guidelines to ensure the safe use and handling of your magazine. Please read this document carefully to understand how to use this product safely and effectively.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before using this magazine.
- Always treat every firearm as if it is loaded.
- Keep firearms pointed in a safe direction at all times.
- Store ammunition and firearms securely, out of reach of children and unauthorized users.
- Use only the appropriate caliber ammunition for your firearm.
- Regularly inspect your magazine for damage or wear. Do not use damaged magazines.
- Report any unsafe products or accidents to relevant authorities.

## Specific Safety Precautions for Use

- **Compatibility:** This magazine is specifically designed for .300 Blackout cartridges. Do not attempt to use it with any other caliber.
- **CrossLoading Risks:** Avoid using this magazine in firearms chambered for 5.56mm to prevent dangerous crossloading. The distinct rib design helps mitigate this risk.
- **Ammunition Management:** Be diligent in managing your ammunition to prevent accidental chambering of incorrect rounds.
- **Inspection Before Use:** Before loading, inspect the magazine for any obstructions, dirt, or damage that may affect performance.
- **Safe Handling:** Always handle your magazine and firearm with care, ensuring that the magazine is removed before performing maintenance on your firearm.

## Instructions for Installation and Usage

### 1. Loading the Magazine:

- Ensure the magazine is clean and free of obstructions.
- Hold the magazine with the feed lips facing upwards.
- Insert .300 Blackout cartridges into the magazine, pushing them down until they click into place.
- Do not exceed the magazine's capacity of 30 rounds.

### 2. Inserting the Magazine into the Firearm:

- Ensure the firearm is pointed in a safe direction and is on safe mode.
- Align the magazine with the magazine well of the firearm.
- Firmly push the magazine into the well until it clicks into place.
- Verify that the magazine is seated properly before proceeding.

### 3. Removing the Magazine:

- Ensure the firearm is pointed in a safe direction.
- Press the magazine release button on the firearm.
- Gently pull the magazine free from the magazine well.

#### **4. Cleaning and Maintenance:**

- Regularly clean your magazine to ensure optimal performance.
- Use a soft cloth to wipe the exterior and a brush to clean any dirt or debris from the interior.
- Avoid using harsh chemicals that may damage the polymer material.

## **Disposal Instructions**

- When disposing of this magazine, ensure it is rendered unusable to prevent accidental use.
- Follow local regulations for the disposal of polymer materials and firearms accessories.
- If the magazine is damaged beyond use, consider recycling the polymer material where possible.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the PMAG 30 AR 300 B GEN M3 Magazine, please refer to the appropriate contact points provided by your retailer or manufacturer. Ensure that you have the product details handy for a more efficient response.

By following these guidelines and instructions, you can ensure the safe and effective use of your PMAG 30 AR 300 B GEN M3 Magazine. Thank you for your attention to safety, and enjoy your shooting experience responsibly.
