# Safety Instruction Guide for Lee Precision Automatic Processing Press (APP) Swage Punches

## Introduction

Thank you for choosing the Lee Precision Automatic Processing Press (APP) Swage Punches. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the swage punches.

## General Safety Guidelines

- Ensure that the swage punches are compatible with the Lee Automatic Processing Press (APP) before use.
- Always follow the manufacturer's instructions for installation and operation.
- Keep the swage punches out of reach of children and vulnerable individuals to prevent accidental injury.
- Inspect the swage punches for any damage or wear before use. Do not use damaged tools.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the swage punches.
- Be aware of your surroundings and ensure that the work area is clean and free of hazards.
- Do not attempt to modify the swage punches or use them for unintended purposes.

## Specific Safety Precautions for Use

- Ensure that the Lee Automatic Processing Press (APP) is securely mounted and stable before using the swage punches.
- Avoid placing your hands or fingers near the moving parts of the press while in operation.
- Only use the swage punches for their intended purpose, which is to swage materials as specified by the manufacturer.
- Do not exceed the recommended pressure settings of the Lee Automatic Processing Press (APP) while using the swage punches.
- If you experience any unusual noises or vibrations during operation, stop using the swage punches immediately and inspect for issues.

## Instructions for Installation and Usage

### 1. Installation:

- Unpack the swage punches and inspect them for any damage.
- Refer to the Lee Automatic Processing Press (APP) manual for specific installation instructions.
- Securely attach the swage punches to the press according to the manufacturer's guidelines.
- Ensure that all fasteners are tightened before proceeding.

### 2. Usage:

- Set up your work area, ensuring it is welllit and free from distractions.
- Load the material to be swaged into the press as per the instructions in the APP manual.
- Adjust the pressure settings on the press according to the specifications for the material being swaged.
- Wear safety glasses and gloves before starting the operation.
- Activate the press and monitor the process closely. Be prepared to stop the operation if necessary.
- Once the swaging process is complete, carefully remove the finished product and inspect it for quality.

## **Disposal Instructions**

- Dispose of any damaged or worn swage punches according to local regulations for hazardous waste.
- Recycle packaging materials where possible.
- Do not dispose of the swage punches in regular household waste if they are damaged.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Lee Precision Automatic Processing Press (APP) Swage Punches, please refer to the manufacturer's contact information provided with your product packaging.

## **Conclusion**

By following these safety instructions, you can ensure a safe and efficient experience while using the Lee Precision Automatic Processing Press (APP) Swage Punches. Always prioritize safety and consult the manufacturer's guidelines for any specific questions or concerns. Thank you for your attention to these important safety measures.
