

ACTION ENHANCEMENT TRIGGER KIT WITHOUT BAR FOR GLOCKS GEN 3/4 - APEX TACTICAL SPECIALTIES INC ACTION ENH TRIGGER KIT WITHOUT BAR FOR GLOCK G3/4 RED

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

An Enhancement Kit for Your Gen 3/4 Glock

We may be on Gen 5 guns from Glock's perspective, but Apex Tactical isn't forgetting all of you who are still running those tried-and-true Gen 3 and Gen 4 guns. This Action Enhancement Trigger Kit is designed as a drop-in replacement for several of your factory trigger components and it'll ensure a better shooting experience. Each Apex Tactical Action Enhancement Trigger Kit ships with a trigger body, Performance Connector and an Ultimate Safety Plunger. However, this particular kit does not ship with a trigger bar, so consumers will have to mount this Apex trigger body onto the OEM trigger bar. The new trigger, connector and plunger all work together to provide a lower trigger-pull weight, shortened trigger travel, a reduced reset and a crisp, clean trigger break. Trigger shoes are available with either a black or red finish. Even with all of these enhancements, the Apex Tactical Action Enhancement Trigger Kit maintains all factory safety values, since the trigger includes a center-mounted pivoting safety. The kit will fit Gen 3 and Gen 4 models of the following Glock pistols: G17, G17L, G19, G22, G23, G24, G26, G27, G31, G32, G33, G34, G35, G37, G38 and G39."

Action Enhancement Trigger Kit Safety Instructions

Introduction

Thank you for choosing the Action Enhancement Trigger Kit without Bar for Glocks Gen 3/4 by Apex Tactical Specialties Inc. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this manual carefully before installation and use.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the firearm is pointed in a safe direction during installation and use.
- Keep the Action Enhancement Trigger Kit out of reach of children and unauthorized users.
- Do not use the kit if you are unfamiliar with trigger mechanisms; seek professional assistance if needed.
- Regularly inspect the kit and your firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm modifications.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing the trigger kit.
- Do not attempt to install the kit while the firearm is assembled.
- Use only the recommended OEM trigger bar for compatibility with the Apex trigger body.
- Always wear appropriate safety gear, including eye protection, when handling firearms.
- Be aware of your surroundings and ensure a safe environment when testing the firearm after installation.
- If you experience any malfunctions or unusual behavior from your firearm after installation, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have the necessary tools for installation, including a punch tool and a small hammer.
- Work in a clean, welllit area free from distractions.

2. Disassembly:

- Unload your Glock firearm completely.
- Remove the slide and frame from the firearm.
- Remove the factory trigger components as per your model's manual.

3. Installation:

- Take the Apex trigger body and align it with the OEM trigger bar.
- Follow the manufacturer's instructions to attach the trigger body securely to the trigger bar.
- Install the Performance Connector and the Ultimate Safety Plunger as per the provided instructions.
- Reassemble the firearm carefully, ensuring all components are seated properly.

4. Testing:

- Once reassembled, conduct a function check to ensure the trigger operates smoothly.
- Test the firearm in a safe environment with appropriate backstops and safety measures in place.

- If any issues arise, consult a qualified gunsmith before further use.

Disposal Instructions

- Dispose of any old or unused trigger components in accordance with local regulations.
- Ensure that all discarded parts are kept out of reach of children and unauthorized individuals.
- Consider recycling metal components where possible.

Contact Information for Further Support

For any questions or concerns regarding the Action Enhancement Trigger Kit, please refer to the manufacturer's website or contact their support team for assistance.

By following these safety instructions, you can ensure a safer and more enjoyable shooting experience with your Apex Tactical Action Enhancement Trigger Kit. Always prioritize safety and responsible firearm handling practices.
