

DAKA MAGNETIC FIELD TRAYS - MAGPUL SMALL MAGNETIC FIELD TRAY FLAT DARK EARTH

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Machinist Accessories](#)

Working on firearms and other mechanical gear can be a nerve-racking task, especially when on the range or out in the field. Losing small parts such as your firing retaining pin or bolt cam pin will render your rifle inoperable until those parts are replaced. To solve these problems, Magpul has designed the DAKA Field Tray. Equipped with a magnetic working surface, the DAKA Field Tray keeps your small parts organized and in one location. Crafted from their durable DAKA material, our Field Trays have the durability, flexibility, and strength that can withstand even the most extreme conditions. By simply snapping the four corners of the flat tray together, you create a walled, contained workspace that keeps your items in one enclosed area. The inside of the Field Tray sheds dirt, oil, and debris for hard use. A strong magnet located under the Magpul icon retains small metallic items such as springs, bolts, pins and screws, ensuring that you won't lose anything important to the job at hand. When not in use, the Field Tray can be un-snapped for flat storage. It's perfect for gun cases, backpacks, and range bags. Overall dimensions Flat: 11.50" x 7.50" Tray: 9.00" x 5.00" Available in Black and Flat Dark Earth

Safety Instruction Guide for DAKA Magnetic Field Trays

Introduction

Thank you for choosing the DAKA Magnetic Field Tray by Magpul. This guide provides important safety instructions and usage guidelines to ensure a safe and effective experience when using the product. Please read this document carefully before use.

General Safety Guidelines

- Ensure that the DAKA Magnetic Field Tray is used only for its intended purpose of organizing small firearm parts and mechanical gear.
- Always inspect the tray before use to ensure it is free from damage or defects.
- Keep the tray out of reach of children and vulnerable individuals to prevent accidents.
- Be aware of potential hazards associated with small parts, which may pose choking risks.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- *Magnetic Hazard:* The tray contains a strong magnet. Keep away from electronic devices and items sensitive to magnetic fields.
- *Sharp Edges:* Handle the tray with care to avoid cuts from sharp edges.
- *Heavy Items:* Do not overload the tray with excessively heavy items that may cause it to collapse or break.
- *Surface Stability:* Ensure the tray is placed on a stable and flat surface to prevent tipping or spilling of contents.
- *Cleaning and Maintenance:* Regularly clean the tray to remove dirt and debris, which can affect performance and safety.

Instructions for Installation and Usage

1. Assembly:

- Snap the four corners of the flat tray together to create a contained workspace.
- Ensure that all corners are securely fastened before use.

2. Using the Tray:

- Place the tray on a stable, flat surface.
- Organize your small parts (e.g., springs, bolts, pins, screws) within the tray to keep them accessible.
- Utilize the magnetic surface to hold metallic items securely.

3. Storage:

- When not in use, unsnap the tray for flat storage.
- Store the tray in a cool, dry place away from direct sunlight and moisture.

4. Disposal Instructions:

- Dispose of the tray in accordance with local regulations for plastic materials.
- Do not dispose of the tray in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the DAKA Magnetic Field Tray, please refer to the manufacturer's contact information provided with the product packaging.

Important Note

This safety instruction guide complies with the EU General Product Safety Regulation (GPSR) to ensure your safety and the safety of others. Always prioritize safety when using this product and stay informed about any recalls or safety alerts through the EU's Safety Gate platform. Thank you for your attention to these important safety guidelines.
