TLR RM 1 Rail Mounted Tactical Lighting System

Safety Instructions

Introduction

Thank you for choosing the TLR RM 1 Rail Mounted Tactical Lighting System. This guide provides essential safety instructions and information to ensure the safe and effective use of your lighting system. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the TLR RM 1 is used only for its intended purpose as a weaponmounted tactical lighting system.
- Always check the product for any visible damage before use. If damaged, do not use the product.
- Keep the lighting system out of reach of children and unauthorized users.
- Ensure that the lighting system is securely mounted to avoid accidental dislodgement during use.
- Regularly inspect the battery and replace it as needed to maintain optimal performance.
- Follow all local laws and regulations regarding the use of tactical lighting systems.

Specific Safety Precautions for Use

- Do not expose the TLR RM 1 to extreme temperatures, moisture, or direct sunlight for extended periods.
- Avoid using the lighting system in environments where it may be exposed to hazardous materials or conditions.
- Do not modify or disassemble the TLR RM 1, as this may compromise its safety and functionality.
- Always ensure that the lighting system is turned off when not in use to conserve battery life and prevent accidental activation.
- When using the remote pressure switch, ensure that it is properly secured and positioned to prevent accidental activation.
- Use only the recommended CR123A lithium battery for optimal performance and safety.

Instructions for Installation and Usage

Installation

1. Prepare the Mounting Area:

- Ensure the mounting area on your long gun is clean and free from debris.
- Select the appropriate rail locating key that fits your weapon's rail system.

2. Attach the Lighting System:

- Align the TLR RM 1 with the selected rail key.
- Slide the lighting system onto the rail until it clicks into place.
- Secure the mounting clips to ensure the system is firmly attached.

3. Connect the Remote Pressure Switch:

- Locate the tail cap switch on the TLR RM 1.
- Connect the remote pressure switch to the tail cap switch following the manufacturer's instructions.
- Ensure the remote switch is positioned for easy access during use.

Usage

1. Operating the Lighting System:

- To turn on the TLR RM 1, press the pushbutton switch or the remote pressure switch.
- The system provides 500 lumens of bright illumination for tactical applications.

2. Turning Off the Lighting System:

- To turn off the light, press the pushbutton switch or release the remote pressure switch.

3. Battery Replacement:

- When the light dims or fails to turn on, replace the CR123A lithium battery.
- Unscrew the tail cap switch to access the battery compartment.
- Remove the old battery and insert a new one, ensuring proper polarity.
- Reattach the tail cap switch securely.

Disposal Instructions

- Dispose of the TLR RM 1 and its components in accordance with local regulations regarding electronic waste.
- Do not dispose of batteries in regular household waste. Follow local guidelines for battery disposal to prevent environmental harm.

Contact Information for Further Support

For safety inquiries or support regarding the TLR RM 1 Rail Mounted Tactical Lighting System, please refer to the manufacturer's website or contact their customer service department.

By following these safety instructions, you can ensure the safe and effective use of your TLR RM 1 Rail Mounted Tactical Lighting System. Thank you for your attention to safety.
