Safety Instructions for P320/250 Grip Module Carry

Introduction

Thank you for choosing the P320/250 Grip Module Carry. This product is designed to enhance your shooting experience while ensuring safety and compliance with the EU General Product Safety Regulation (GPSR). Please read this safety instruction guide carefully to ensure proper usage and maintenance of your Grip Module.

General Safety Guidelines

- Always ensure that the firearm is unloaded before handling or installing the Grip Module.
- Keep the Grip Module out of the reach of children and unauthorized users.
- Use the Grip Module only with compatible P320 or P250 components.
- Regularly inspect the Grip Module for signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Store the Grip Module in a secure location when not in use.

Specific Safety Precautions for Use

- Ensure that you are trained and knowledgeable in the safe handling and operation of firearms.
- Always wear appropriate safety gear, including eye and ear protection, when using the firearm.
- Do not modify the Grip Module or any associated components in any way that may affect safety or functionality.
- Be aware of your surroundings and ensure a safe shooting environment.
- Avoid using the Grip Module in wet or damp conditions to prevent degradation of materials.

Instructions for Installation and Usage

Installation

1. **Gather Required Tools:** Ensure you have the necessary tools for installation, including a screwdriver and any additional tools specified in the P320/P250 manual.
2. **Prepare the Firing Control Unit:** Make sure the firing control unit is unloaded and free from ammunition.
3. **Remove Existing Grip Module:** If replacing an existing grip module, carefully remove it according to the manufacturer's instructions.
4. **Install the Grip Module:**
 - Align the firing control unit with the new Grip Module.
 - Gently insert the firing control unit into the Grip Module until it clicks into place.
 - Ensure that the module is securely attached and that there are no gaps.
5. **Check Compatibility:** Confirm that the Grip Module is compatible with the 9mm Luger, .357 SIG, and .40 S&W slides and barrels.
6. **Perform a Function Check:** Before using the firearm, conduct a function check to ensure proper installation and operation.

Usage

- Load the firearm only when you are ready to shoot.
- Always point the firearm in a safe direction.
- Follow all standard operating procedures for firearm handling and shooting.
- After use, unload the firearm and store it safely.

Disposal Instructions

- Dispose of the Grip Module responsibly in accordance with local regulations.
- Do not dispose of the Grip Module in household waste.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support regarding the P320/250 Grip Module Carry, please refer to the manufacturer's website or customer service resources available in your region.

Thank you for prioritizing safety and compliance while using your P320/250 Grip Module Carry. Your responsible handling of firearms contributes to a safer community.
